## TWO SHIPS WIN GRIM BATTLE AT SEA; THIRD LOST

### ROGERS IS PROUD OF HIS CALIFORNIA WHENEVER IT RAINS

(Special To The News)  
NEW YORK, Jan. 23.—Only  
got one distinction. I was the  
original Morrow-for-secretary-  
of-state man. It will be of-  
fered to him.  
Hope he takes  
it. He is a  
great fellow.  
Our present  
friendly rela-  
tions with Mex-  
ico are due to  
nothing in the  
world but the sheer personality  
of that man.  
A trained diplomat would  
never have adopted his plan,  
and it was the only one that  
would have worked. It would  
have been mighty easy to spoil  
things down there.  
Yours.

WILL.  
P. S.—California had rain.  
You give us plenty of moisture  
in the ground and Florida can  
have all your Hoovers, Morgans,  
Works, Stridings and Demps-  
seys.

### PA NEW OBSERVES

They have finally taken the road  
from New Wilmington over to West  
Middlesex from the state detour map.  
The road was closed, Pa New ob-  
serves, but one day. The map had it  
listed for a seven mile detour un-  
til the present map just published.

Snow, Tuesday afternoon drove  
many off the street walkers toward  
their garages. The snow came down  
rather suddenly and in 10 minutes  
there was a necessity for walking  
about town.

Probably be a few days until we  
know whether or not some of the  
Lawrence county farmers have won  
any prizes down at the state show.  
Despite the fact that this is an in-  
dustrial section, the farmers do not  
have to take the back ground.

Physicians report that the number  
of prescription people are on the  
wane and that they are not quite so  
popular as they were. Of course they  
are rather in demand at all times,  
but there really is a slump now. The  
flu must be disappearing.

Up in Mercer county, a local lady  
reports, who has returned from a  
visit, the flu did not hit until after we  
went through it. She had the flu,  
left on a visit to Mercer county and  
found her self in another epidemic.  
She returned.

It is one round of pleasure for the  
highway department. This morning  
before 1 o'clock, workers were out on  
the highways getting ashes sprinkled  
on the hills. The majority of them  
were a glare of ice from top to bot-  
tom.

Pa New Observes: Man with a  
brown derby—woman wearing hiking  
boots through snow Tuesday after-  
noon—blonde buying a large bottle of  
perfume, no offense—dog marooned  
between cars on Washington street.

The people have gone to Florida  
and the pet shop business is picking  
up, at least that's what owners report.  
They have a series of many cures, lap  
poodles, great Danes, and shaggy an-  
dales as well as the blue ribbon bulls.  
The dog boarding house is surely a  
mooters, parrots and other house  
pets who are getting board for the  
winter.

One new dress went this morning—  
went no where in particular, just  
went—it was a lady and as she stepped  
down the curb, her feet slipped  
and down she fell with a thud. She  
was apparently uninjured but her  
dress was a wreck.

The little lady on the East Brook  
road who won a free automobile here  
the other day has but eight more  
years to wait before she can drive it.  
She is eight years of age now.

He was probably just one more mis-  
guided man who threw away his coin-  
flats in a fit of quitting and then  
bought another pack in an hour. Ack,  
how Pa New saw him throw away his  
half full in the narrow alley way be-  
tween two houses. He saw that Pa  
New noticed him and returned a  
sheepish glance. It is estimated that

NEW YORK, Jan. 23.—Ra-  
dio flashes revealed with dra-  
matic suddenness today that  
sturdy ships and stout hearts  
of seafaring men are winning  
a grim battle over a North At-  
lantic hurricane which took  
one vessel and 30 lives as its  
toll and put two others in dis-  
tress.

After nine hours of silence from  
rescue ships that gave rise to grave  
fears, the heartening news crackled  
through the ether shortly before noon  
that the American Tanker Danne-  
dake "is proceeding to Bermuda."

Ship Survives.  
That meant the Danne-dake with  
thirty-two aboard had been rescued,  
or had repaired itself. Hours before  
—about noon yesterday—the Danne-  
dake had flashed and S O S: "We  
are sinking. Help!"

LIMITED CRASHES  
INTO FREIGHT TRAIN

(International News Service)  
CHICAGO, Jan. 23.—Two trainmen  
were killed, two others were seriously  
injured and many passengers were  
reported injured when the first Flori-  
dan Limited was wrecked near

Mounds, Ill., according to word re-  
ceived here by officials of the Il-  
linois Central railroad today.

The Florida Limited crashed into a freight  
train and the engine carplunged into  
a ditch. Three Pullmans left the  
tracks.

The dead are: Leo Wellington, 50,  
of Paducah, Ky., and Milton John,  
son, negro brakeman of the freight  
train.

A special train from Cairo with  
doctors and nurses and hospital sup-  
plies was rushed to the scene of the  
wreck, officials here stated.

The accident occurred when the  
Florida, about a half hour late, and  
attempting to make up lost time,  
crashed into the freight train. The  
engineer was scalded to death and  
the brakeman was almost instantly  
killed.

### TWO YOUNG COUPLES KILLED IN CRASH

(International News Service)  
DAYTON, O., Jan. 23.—Four per-  
sons, two men and two young girls,  
were killed here this morning when  
the coupe in which they were riding  
was struck by a Big Four passenger  
train.

The dead are:  
Albert Ingelman, 25; Charles Walk-  
er, 18; Effie Powers, 21, and Ruth  
Somers, 18.

All were killed instantly and the  
bodies were badly mangled. The two  
couples were believed to have been  
returning from a dance. The driver's  
vision is thought to have been obscur-  
ed because of the overcrowded condi-  
tion of the coupe.

### Mrs. White Is Named As General Secretary Of Quota International

Mrs. Elizabeth White of this city

MIAMI BEACH, Fla., Jan. 23.—  
Herbert Hoover went into se-  
clusion today.

On Belle Isle, in the middle of Bis-  
cayne Bay, the President-elect turned  
his back on all engagements, denied  
himself to all visitors and settled  
down to a month's relaxation and  
contemplation of the problems that  
will be his after the fourth of March  
next.

He plans to do a lot of fishing,  
but not even this activity could en-  
ter his mind today away from the luxu-  
rious lodge that is to be his home for  
the next four weeks.

Wants Quiet and Solitude  
Mr. Hoover's pre-inaugural retreat  
is ideally situated for his purpose. He  
wants quiet and solitude. The Penny  
estate on Belle Isle was made to order  
for him. There is but one entrance  
to it, and that is guarded by secret  
service operatives and Florida state  
police. Callers must identify them-  
selves and disclose their business, if  
any, before being admitted to the

### Death In Crash Brings To End Career Of Crime

One Of Victims Of Bus-Car  
Crash In Ohio Makes  
Deathbed Confession

BANK ROBBERY  
CRIME ADMITTED

Had Been Wandering Over  
Country In Effort To  
Elude Police

(International News Service)  
BELLEVUE, O., Jan. 23.—The  
motor bus-electric car crash here  
yesterday brought a lifelong car-  
eer of crime to an end, according  
to a deathbed statement from  
Teddy Brawski of Brooklyn who  
succumbed to injuries in Bellevue  
hospital this morning.

Shortly before midnight Brawski  
called nurses to his bedside and pre-  
dicted he would die at 5 o'clock this  
morning, they reported.

He added that he and three other  
men had robbed a bank at Detroit,  
the nurses related, and that two of  
the men were killed. He and a com-  
panion fled to Flint, Mich., Brawski  
said, but police followed and they  
continued their flight to Connecticut  
where they hid \$46,000, according to  
the story. He refused to give any  
names or dates.

Later, he said, he wandered about  
the country in an effort to elude po-  
lice.

He also said that he participated  
in a bank robbery in San Francisco  
in 1920 and that he had been a "hold-  
up man" all his life.

Brawski died at 5:05 a. m.

### Capt. Phillips Is Highly Honored

Elected To High Position At  
Grand Council Meeting In  
Lancaster, Pa.

STATE COUNCIL TO  
MEET HERE IN 1930

For the first time since 1913, a  
Lawrence county man has been elected  
to the position of Most Piousant  
Grand Master of the Grand Council  
of Pennsylvania, Royal and Select  
Masters, this honor being given to  
Captain Charles B. Phillips at the  
annual Grand Council held in Lan-  
caster, Pa. In addition, the council  
decided to hold the annual meeting  
in New Castle in January, 1930.

For many years Captain Phillips  
has been active in the work of the  
fraternity here, the Royal Select  
Masters being a division of the York  
Rite Masonic bodies. He has served  
in the various offices here and for  
the past year was Deputy Most  
Piousant Grand Master for Pennsylv-  
ania. His election puts him at the  
very top of the fraternity for the  
coming year.

F. J. Perry In 1913.

In 1913, F. J. Perry was selected as  
the Most Piousant Grand Master and  
since that time Lawrence county has  
not been so honored. As Most Pious-  
ant Grand Master, Captain Phillips  
will head the work of the Royal and  
Select Masters for the state of Penn-  
sylvania for the coming 12 months.  
Captain Phillips resides on the  
Wilmington road, and is also the  
president of the New Castle Kiwanis  
Club. Later in the year plans will  
be advanced for the entertainment  
of the delegates and guests who will  
come to New Castle for the annual  
meeting of the Grand Council in  
1930.

### Democratic-Insurgent Forces Oppose Mellon, Pass Enforcement Bill

Coalition In Senate Seeks To  
Strip Andrew Mellon Of  
Authority Over Tax  
Refunds

Increased Prohibition En-  
forcement Sum Passes  
Senate By Vote Of  
50 To 27

By WILLIAM K. HUTCHINSON  
International News Service Staff  
Correspondent

WASHINGTON, Jan. 23.—Having  
authorized a \$24,000,000 increase in  
prohibition enforcement funds, a  
Democratic-insurgent coalition in the  
senate today sought to strip Secretary  
of Treasury Mellon of all authority  
over tax refunds in excess of \$10,000—  
a power under which he has refunded  
\$2,614,000,000 in the last six years.

An amendment to the first defici-  
ency appropriation bill, proposed by  
Senator McKellar (D., Tenn.), over-  
brought the subject before the senate.  
In order to attach his measure to the  
appropriation bill, McKellar faced the  
task of gaining a two-thirds vote to  
suspend the rules of the senate. He  
predicted success, since the deficiency  
bill carries \$75,000,000 to pay the latest  
quota of refunds.

Drys and Wets Combine.  
The \$24,000,000 increase in dry funds  
was written into the same bill by a  
vote of 50 to 27, when both wets and  
drys joined hands to support it over  
Mellon's opposition. The fund was  
placed at the disposal of the president  
and was made available until June 30,  
1930, so that President-elect Hoover  
probably will direct its expenditure.  
The fund, however, must be approved  
by the house before it becomes effec-  
tive.

The senate also inserted a \$250,000  
appropriation in the bill to pay the  
expenses of the proposed presidential  
prohibition survey. This money also  
was made available until June 30.

Driver Of Bus Says He  
Stopped At Crossing And  
Did Not See Any Car

(International News Service)  
BELLEVUE, O., Jan. 23.—

The death toll of the worst  
bus crash Ohio has ever  
known mounted to 19 today  
when Teddy Obravski of  
Brooklyn and Richard Free-  
man of Cleveland, O., died in  
Bellevue hospital this morn-  
ing.

Another name may yet be  
added to the list. A man  
from Albion, Mich., whose  
last name is reported to be  
Mack, was in a critical con-  
dition at the hospital. He  
has not recovered conscious-  
ness.

Physicians expect the 11 other in-  
jured persons in the hospital to re-  
cover.

Identify 12 Bodies  
In addition to Obravski the iden-  
tified dead are:

Bela Theiss, Detroit.  
Mrs. A. Robinson, Cleveland.  
Elmer Almond, Youngstown.  
D. A. Courthour, Cleveland.  
John Kunzli, Birmingham, O.  
S. R. Rawney, Chicago.  
Mrs. J. H. Harmon, Akron.  
Harry Glickman, Detroit.  
Richard Freeman, Cleveland.  
J. F. Davenport, Cleveland.  
W. J. Cook, Cleveland.  
Mrs. W. J. Cook, Cleveland.  
Louis Flynn, Steubenville, O.

The mangled bodies of four white  
men and a negro woman remain un-  
identified.

The Injured:

Mrs. Lillian Lappala, Conneaut,  
O.; Mrs. Eleanor Houghedy, Detroit;  
Mrs. Walter Magaw, Detroit; Ed-  
ward Butler, Cleveland; Harold  
Schaeffer, Pittsburgh; James Watres,  
Cleveland; W. W. Van Valkenberg,  
Green Springs, O.; Mrs. Thelma  
Mether, Akron; Merrill Long, Port-  
age, Pa.; Edward Williams, Pitts-  
burgh; Martin Loranger, Woonsocket,  
R. I.; Russell Mack, Albion, Mich.

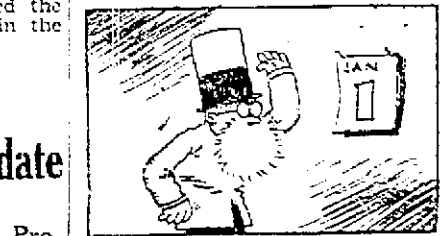

Two women, one from Toledo and  
another from Norwalk, were in Me-  
morial hospital at Norwalk. Both are  
expected to recover.

Edward Butler, driver of the ill-  
fated bus, escaped death, but was  
badly injured.

Driver Makes Statement  
"I stopped at the approach to the  
tracks and wiped the snow and sleep  
from the windshield," he said. "The  
air was filled with blinding snow. I  
looked up and down the track, but  
there was no sign of a train in either  
direction."

"Just as I drove onto the right-of-  
way the electric car bore down on us.  
I tried to turn, but it was too late."

### Gas Engine Co. May Consolidate

Stockholders To Hear Of Pro-  
posed Combine Next  
Tuesday

Important developments towards  
the consolidation of the Bessemer  
Gas Engine company of Grove City  
with that of another, generally be-  
lieved to be located in Ohio, may arise  
at the meeting of the stockholders of  
the company in Grove City on Tues-  
day, January 29.  
Stockholders will be formally no-  
tified of the proposed action at the  
session next week. Details of what  
is in the planning are unknown at  
present. Stockholders, it is said, may  
either sell their present holdings in  
the concern or bring about a trans-  
fer to the new one when the combine  
is effected.

**Krisko Appears Before Kiwanis**

John W. Krisko, memory expert connected with the International Bureau of Applied Psychology of New York, spoke at the weekly meeting of the New Castle Kiwanis club today.

Mr. Krisko had already appeared before the organization for short periods twice, but it was not until today that Kiwanians were given an opportunity to hear Mr. Krisko at any length. The program committee of which Julius Blane is the new chairman arranged for Mr. Krisko's appearance.

In a brief way the memory expert explained why people laugh, stating that when a person is laughed at he is placed in a disadvantageous position while the person who is laughing is elevated to a much superior position. During the greater part of the meeting he amused the members with the entertaining humor that he possesses.

one million men do this little trick every day and then buy another pack in less than an hour.

City pedagogues are pouring over their papers until the wee small hours of the night. The semester exams take three hours to write so you can imagine how long it would take to correct several hundred of them.

Pa Newc would like to know just how many basketball teams that there are in the county. It seems that everybody has a team, or is member of a team. The total would certainly run up into the hundreds.

Well, the morning is well on and there have been no kind hearted woodchucks who have sent in their birthday date. If you're a self confessed groundhog, send in your name to Pa Newc for the woodchuck birthday column.

Among the younger married set a new organization has sprang—sprung—Among this younger married set a new club has been formed. It is among the ladies (bless 'em) and they are prone to call themselves the Lady Benedicts. Far be it from Pa Newc to appear a pundit, but did they ever daily with the connotations of Benedictine? Yes, that is the name: The Benedicts.

The classics will live again in New Castle Friday and Saturday, for that is when Genevieve Hamper and her company of Shakespearean players will appear at The Cathedral. It is not often that the people of New Castle get a chance to see the works of a man of genius—a playwright who always wanted to be a poet, and now and then, when no one was looking, slipped some poetry into his plays—presented by so able a woman, supported by so able a group of actors.

And while all this presidential inauguration talk is being scattered about, it is well to remember that Mr. Irogoyen, president of the Argentine, rode to his inauguration on a street car, and accepted the presidency of that great South American republic without making a speech.

Just how the reserve officers of this district are to be made conscious of the problem that confronts the United States Army at the present time is the problem of Captain Melvin L. Craig, who is in charge of the reserve officers work in this district. When compared to the paper organizations of foreign nations, the army of the United States is woefully slight. In Germany, states the captain, there is a standing army of 100,000 men, most of them officers. Our country has their standing armies built on practically the same basis. And yet, when Captain Craig calls out the reserves around New Castle for an instruction meeting, only a mere handful responds. Evidently they are not well versed in military news or perhaps they could look ten years into the future.

The Greyhound bus that figured in the accident near Toledo, Ohio, Tuesday afternoon, which cost 18 lives of passengers, was one routed through New Castle. The Greyhound line goes through this city, enroute between Cleveland and Pittsburgh.

Driving an auto this morning, was anything but a pleasing job. After the rain last night, and the change in temperature, the streets and highways were coated with ice.

Traffic conditions this morning made a boom in business for the street car company, especially in the hill districts. On the Highland line the rush of passengers was such that groups had to be passed up by some cars because of the crowded conditions in the cars.

It would be a good idea if the superintendent of garbage collection in New Castle would make an announcement now and then as to the collection of cans, if this is still being done. There are premises in the city where cans are never collected, whether because of failure of the residents to know where to put them, or failure of the garbage collection department.

Although ice covered thoroughfares today many automobiles were seen without chains leading to the suspicion that after all some people like to gamble with injury. Many cars without chains hauled children to school. Others were seen rolling

along at a pace faster than safe under icy conditions.

Last night was a good night to stay in the house and judging from the few pedestrians along the streets at 10:30 p. m. the home fires were kept burning by the men. The usual crowd was lacking. Automobileists had no difficulty finding places to park.

Half a dozen gentlemen today appeared at the department of streets office, Croton avenue, looking for work. None of them were put on but if the sun which is now shining is expected hot enough to melt the ice it is expected that some will be employed to help remove the slush from Washington street a clerk at the department stated.

Last night was a terrible night. Rain, sleet, snow, slush and later ice-covered and frozen rut roads. Among those who had to leave warily beds at the call of the public was the physician. Some times Pa Newc doubts if the public realizes the importance of the doctor until sickness enters the home.

Al Dairyman perhaps the champion fisherman of Crawford county is in town should you not know Al permit it to be explained he is the proprietor of the LeFayette hotel at Meadville. Al is visiting Sam Left at the Leslie hotel. The last time Pa Newc was in Meadville he received a couple of nice bass from Mr. Dairyman which made choice eating.

For the last time and the time after that, Pa Newc makes amends on the 1928 half dollar. A coin impresario made the statement that a half buck of that year was worth money, quite a tidy sum, and also stated that this was the only one which had not been called in Pa Newc said that this fellow said in this rigmorale. Now, not less than 43,538 people have either written or come into the office to correct the story—which really was an error. The half dollar worth fifty cents and there are plenty of them around. Pa Newc corrected the statement but the corrections still pour in. Please.

Today's strange happenings might include an awning which was down at a shoe store on the diamond. This must be the first to be down for 1929. However, it is not the first time the diamond and his shoes out front on display square in the face. The awning was lowered and it looked curiously out of place for the time of the year.

grounds. All around him are the blue waters of the bay.

The island is reached only by a causeway which there is comparatively little traffic.

In this sub-tropical setting, with its waving palms and masses of flowers, during the next four weeks, Mr. Hoover will mull over the tons of data which he brought South with him after two weeks of conferences with the politicians of Washington.

Consider Cabinet

Here the cabinet chances of a score of aspirants are to be weighed in the balance and the policies of the new administration upon a score of problems probably to be determined.

Mr. Hoover was greatly pleased by his welcome to Florida, which was the elaborate reception which was given to President Coolidge on his fleeting visit of last year. It has been several years since the state, and particularly Miami Beach, had an opportunity to entertain a chief executive, and it is making the most of it.

Upwards of 50,000 persons lined the streets and the causeway yesterday when Mr. Hoover arrived, following what amounted almost to a triumphal tour down the east coast. He was greeted by the mayors of the twin cities, given the keys to both, as well as an expensive fishing outfit which he hopes to utilize later during his stay.

Tomorrow Mr. Hoover hopes to get in some fishing. Today he planned to get acquainted with his island and surroundings. He had no engagements and no scheduled callers.

# NINETEEN DEAD IN BELLEVUE, O., BUS-CAR CRASH

(Continued From Page One)

The car struck us square in the middle. That is all I remember until someone pulled me out of the wreckage.

It was estimated the interurban was traveling about 35 miles an hour at the time. Fifteen of the electric car's passengers were slightly injured.

**Probes Under Way**

The interurban, after hurling the bus into a ditch along the right-of-way, jumped the track and crashed down upon it. A steam derrick was brought to the scene to lift the heavy interurban off the crushed motor bus. The dead were taken to Bellevue morgues, where they were identified.

The staff from the county prosecutor's office will attend the coroner's inquest tomorrow. It was said. Several private investigations, including those of the transportation companies involved, got under way today.

Three separate investigations were under way today, while a fourth is pending. The Lake Shore Electric will conduct its inquiry at Sandusky. The Greyhound Lines will question witnesses here and the state utilities commission will also probe the disaster.

The state investigators are headed by L. E. Smith of Columbus, and others are: John J. Briggs and F. V. Thompson, Columbus; Earl J. Geelong, Milan, and Thomas Stahl, Toledo.

S. R. Sundstrone, Cleveland and two Toledo attorneys represent the Greyhound Lines.

Coroner C. L. Bell and Prosecutor Edgar Martin of Huron county, said they probably would withhold their investigation for a few days.

# DEMOCRAT - INSURGENT FORCES OPPOSE MELLON

1930, so it can be used by Hoover to finance his proposed nation-wide prohibition inquiry.

**Cruiser Action Delayed**

The fight over Mellon tax refunds meanwhile delayed action on the administration's new cruiser bill. The naval measure has been sidetracked for the past year, after being pigeon-holed for the first two weeks of the year to allow ratification of the Kellogg peace treaty. Administration leaders have threatened night sessions to speed up the senate's legislative wheels but the threats failed to shut off debate.

Leaders of the Democratic-insurgent coalition declared the McKellar proposal was the "most important to come before congress this session." They charged Mellon with responsibility for refunding taxes totaling more than the total annual revenue of the government in years before the war. All the refunds, under existing law and by no fault of Mellon's, have been decided secretly, paid out secretly and the details withheld even from congress. Now the coalition demands that the whole system be changed.

The McKellar proposal would give the federal board of tax appeals authority over all refunds and rebates in excess of \$10,000. Mellon would retain authority over refunds below that amount. This change would allow for public hearings on claims for huge rebates, would provide a public record of the cases and permit publicity on the decisions.

house by demanding \$250,000,000 be provided for the bureau on the ground that it would show that the law could not be enforced, planned to make a new effort to retain the \$24,000,000 boost.

**Plan Rejection**

Rep. Wood of Indiana, ranking Republican on the house appropriations committee, declared the senate's action would be rejected.

While the amendment provided that the president would distribute the money among dry law agencies, it would have to be expended under Mellon's direction, it was pointed out. La Guardia, a wet, declared the money could be efficiently expended.

House drys generally opposed the previous effort to add more money to the budget's enforcement figure.

The manner in which senate drys rallied to the Harris amendment to add the \$24,000,000, however, may have some bearing upon the outcome of the impending clash in the house.

# Deaths of the Day

**Time of Funeral.**

Funeral services for the late William Hopkins will take place Friday, January 25, at 2:30 p. m. from his late home in Aliquippa.

**Helen M. Reynolds.**

Helen Maxine Reynolds, aged 11 years, daughter of Robert F. and Camilla Matland Reynolds of 929 Harrison street, passed away in the New Castle hospital Tuesday evening about 7:30 following an illness of six weeks.

The little girl was a talented musician, playing in the orchestra of the M. E. church and during the revival services in Everybody's Tabernacle in the fall. She was a student in the Thaddeus Stevens school and was usually bright for one of her age. She leaves a wide friendship of schoolmates and associates to which her death will be much regretted.

Besides her parents she leaves one sister Dorothy May and her grandfather, Rev. Samuel Maitland, pastor of the Greenwood M. E. church.

Funeral services will be held Friday, January 25, at 2 p. m. from the family home. Burial in Graceland cemetery.

**Mr. Davis Buried.**

Funeral services for Thomas Davis, late of Detroit, took place Tuesday afternoon at 2:30 from the home of his son, Isaac Davis of 940 Harrison street, with Rev. S. Whiting, pastor of the First Congregational church, officiating. Several hymns were sung during the service.

Interment was made in Oak Park cemetery and the pallbearers were Robert White, David Weir, R. F. Gorman, Thomas Watkins, Isaac Davis and R. J. Davis.

**William Corvea.**

William Corvea, aged 78 years, died at the home of his daughter, Mrs. Carl Garrett, in Wilmington township, Mercer county, Tuesday afternoon after a long illness.

Mr. Corvea was born at Leesburg July 16, 1851, a son of Moses and Susan Simpson Corvea.

Besides his wife and one daughter, Mrs. Corvea has a son, he leaves five other sons by a former marriage. He also leaves one brother, Lester Corvea of Leesburg, and a half-brother Henry of Leesburg and two half-sisters, Gertrude of Warren and Mrs. Elia Uray of Pulaski.

Funeral services will be conducted from his daughter's home Friday, January 25, at 2 p. m. in charge of Rev. Harsha of the United Presbyterian church of Middlesex. Interment in West Middlesex cemetery.

**Mrs. Anna Hoffman.**

Mrs. Anna Hoffman aged 84 years widow of William Hoffman died Tuesday at the home of her daughter Mrs. Clara Ewing of Koppel after an illness due to the infirmities of age.

Mrs. Hoffman was formerly of Pittsburgh but had been residing with her daughter during the past year.

Funeral services will be conducted Thursday, January 24 at 2 p. m. from the Ewing home. Interment in Clinton cemetery.

**Mr. Hanlon Funeral.**

Funeral services for the late Brandon A. Hanlon took place from St. Mary's church this morning at 9 o'clock. Solemn High Mass was celebrated with Rev. F. F. O'Shea, celebrant; Rev. Fr. S. Clifford, deacon and Rev. Fr. R. Dudley, Nec. Sub-deacon.

The pallbearers were Preston Flaherty, John Early, Matthew Curtis, Paul Crowl, Cecil Sube and Frank Coen. Interment was made in Oak Park cemetery.

# RESERVE OFFICERS MEET ON THURSDAY

A record attendance from the four counties of Lawrence, Mercer, Butler and Beaver is indicated at the dinner meeting of Shenango Valley chapter, Reserve Officers' association, to be held Thursday evening at 6:30 o'clock in the Elks club. Lieutenant H. S. Mouthrop of Harrisburg, state president of the association; Major Schaffer of Pittsburgh, state vice-president and a representative of the 99th division, will be in attendance. There will also be members of the American Legion convention in Paris and others of interest.

## CRIME LAW CHANGES URGED

RECOMMENDATIONS made by the Pennsylvania state crime  
 commission, which has been studying the matter of crime pre-  
 vention in Pennsylvania for some months past, as presented to the  
 state legislature yesterday, should be given thorough and sincere  
 consideration. They are worthy of action.

Principal in the recommendations are that a law patterned  
 after the Baumes law in New York, with discretionary powers of  
 the court, be passed, and that most stringent provisions be made  
 regarding the sale of firearms. There are other suggestions that  
 are good, but these chief recommendations should be carried out.

It is also recommended that the Ludlow act be repealed. This  
 is a measure that has provided that a maximum sentence should be  
 twice the minimum, and resulted oftentimes in ten year sentences  
 being the maximum that could be imposed by the courts for  
 heinous crimes of which offenders had been convicted.

In connection with the recommendation for a law similar to  
 the Baumes law of New York, which is one that requires a life  
 term for the fourth offense of a convicted person, it is interesting  
 to note that the famous bandit leader, Jaworski, who ran wild in  
 Pennsylvania declared prior to his death that he did little banditry  
 or lawbreaking in Michigan, because of the law that provided life  
 imprisonment for repeated offenses. He preferred to take a chance  
 in Pennsylvania, where execution was the sentence, instead of life  
 imprisonment.

Change is also recommended by the state crime commission  
 in the manner of jury selection. Instead of lawyers being allowed  
 to do the selecting, the court would name the jury. This would  
 save much time in trials.

All in all, the recommendations of the crime commission  
 sound good, and most of them would work out satisfactorily, and  
 would be a deterrent upon crime in Pennsylvania we are inclined  
 to believe.

## ILLUMINATING SIN

NO LONGER can one sin and then successfully plead ignorance,  
 though there was a time when sins were spoken of as "dark  
 sins" and when along the straight and narrow path there were pit-  
 falls into which the best might accidentally fall and be considered  
 a poor unfortunate rather than an unregenerate transgressor.

But the passing of time has changed the straight and narrow  
 into a great white way, thickly placarded and labeled with sign-  
 posts, danger signals, warnings, injunctions and cautions. There is  
 no justifiable excuse for so much as a stubbed toe. The gateway to  
 every sin is arched by a great flashing electric sign and guarded by  
 many policemen.

Sins are no longer dark. They are kept in the spotlight. They  
 are the popular topic of conversation in every gathering and the  
 subject of newspapers, magazines, lectures, sermons, movies and  
 books. They are discussed from the sociological, biological, psy-  
 chological, theological, historical, archaeological and  
 ethnological standpoints. Once Sunday was the one day of the  
 week given to solemn contemplation of sin and its wages. Now  
 they form daily mental pabulum.

Whatever effect the publishing and advertising of sin may  
 have had upon public morals, at least it appears people no longer  
 fall into sinful ways—they walk into them with both eyes open.

## NOT BASED ON ECONOMICS

IT HAS been clearly indicated many times that the people as a  
 whole do not want the government to engage in business, nor  
 do they wish to trust a governmental unit with the power of fix-  
 ing prices. There is a quite general impression that the govern-  
 ment is already too much in business and that government inter-  
 ference with business has gone beyond reasonable limits in many  
 instances.

So the recent supreme court decision invalidating the Ten-  
 nessee law authorizing state officials to arbitrarily fix the retail  
 price of gasoline upholds a principle well established in the United  
 States and more firmly establishes the rights of private business.

The decision is consistent and wise. It should serve as a  
 check on the activities of a large group of people who are con-  
 stantly seeking to regulate economic conditions by giving govern-  
 mental units the power to fix prices or otherwise regulate private  
 enterprise.

However, not even a decision by the nation's highest tribunal  
 can so easily dispose of the popular belief that gasoline prices are  
 not always fair and equitable, a belief which inspired the Tennessee  
 law and made government control of the gasoline business seem  
 inevitable. Having no information upon which to base judgment  
 on the fairness of the profits of the producers, the consumer has  
 not complained that the price is too high, but his suspicions and  
 indignation are aroused every time gas prices rise with consump-  
 tion. The layman knows enough about the law of supply and de-  
 mand to understand why it should be cheaper to deliver a large  
 quantity of any commodity than a small quantity. But the produc-  
 ers would have the public believe that it costs them more per gal-  
 lon to produce and deliver gasoline when the consumption is great-  
 est.

The final test of gentility is the ability to disagree without be-  
 ing disagreeable.

We don't know just what an "uncivilized noise" is in Turkey,  
 but it's probably an Armenian yelling for his interest.

Still, it's just as good manners to pick up the last bit of let-  
 tuce with your fingers as to chase it with a fork and cuss it.

You Ask: 'What Is News?'  
 Religion Can Stand It.  
 Beheading William.  
 75,000,000 Rings a Year.

By ARTHUR G. BRISBANE  
 (Copyright, 1929, King Features  
 Syn., Inc.)

Picking up a newspaper you ask  
 yourself, "What really is news?" for  
 instance, that the very Rev. Dean  
 Inge said it may be necessary for the  
 countries of Europe "to combine to  
 draw Shylock's teeth." Shylock is  
 Uncle Sam, who modestly asks Euro-  
 pe to pay part of a ten-billion-dol-  
 lar debt of honor.

British clergymen unite to repudi-  
 ate Dean Inge's statement, and say  
 they like us. That is hardly news.  
 Our British friends tried the tooth-  
 pulling process in 1776, when Uncle  
 Sam was small; again in 1812. They  
 are probably too kind-hearted to try  
 it again.

A new vaccine prevents distemper  
 in dogs absolutely, "all cases, all  
 breeds."  
 That's not important news, except  
 to dogs. A vaccine that would keep  
 dogs from going mad and biting  
 children would be more valuable.

An Englishman with all of his  
 stomach removed is back at work with  
 "the upper part of his small intes-  
 tine stitched to the pulley." The di-  
 gestive glands were left in, so he di-  
 gests and lives.

What we need in this prosperous  
 country is something to digest all the  
 food we put into our stomachs. Learn  
 from the stomachless Briton that it  
 is important to take care of your di-  
 gestive glands. Don't tire them out  
 with irregular eating.

Marshal Foch, his courage conquer-  
 ing illness, is out of bed, enjoying the  
 sight of the French people that he  
 loves. That's important news, for  
 unselfish patriotism and ability con-  
 stitute greatness. Foch is a great man.

Prof. Barnes told scientists gather-  
 ing in New York that men must change  
 their concept of God. Now he tells  
 Dr. Henry Fairfield Osborne, head of  
 the American Association for the Ad-  
 vancement of Science, and Cardinal  
 Hayes, who rebuked him, and all cler-  
 gy in general, that religion is out of  
 date, hinders the progress of civiliza-  
 tion and is "primitive and supersti-  
 tious."

In addition, this professor who  
 teaches history at Smith College says  
 the ten commandments need re-  
 vision and orthodox religion increases  
 human suffering, being based on  
 "fears and superstitions which ob-  
 viously have not the slightest scien-  
 tific validity; but terrorize countless  
 millions."

Nevertheless churches will be open  
 next Sunday, and religion will con-  
 tinue to rule the world long after  
 Prof. Barnes travels on beyond, to  
 learn, perhaps, more than he knows  
 now.

For two hundred years, William of  
 Orange had stood on College Green  
 in Dublin, on his war horse. Some-  
 time the Irish Nationalists pulled the  
 statue down and battered it. Then  
 the statue was put up again.

The other day Irish Republicans  
 blew William up with dynamite.  
 While it was being repaired, young  
 Irishmen broke into the repair shop,  
 cut off the statue's head and took  
 it away. It will never be erected  
 again.

That's a pity. Irishmen of all  
 kinds should keep in Dublin a statue  
 of good old William, if only to remind  
 them that when Ireland lost the bat-  
 tle of the Boyne, it was William, a  
 Dutchman, that led the English and  
 an English king, commanding the  
 Irish, that ran away while the Irish  
 were still fighting.

This is the day of mass production.  
 The Muskegon Piston Ring Company  
 has orders from the Chevrolet Com-  
 pany for 60,000 rings a day, another  
 order for 100,000 rings a day to supply  
 old model T Ford cars, of which  
 8,000,000 are still running. And 900,000  
 rings a day for new Fords and Ford-  
 sons. That means 250,000 piston  
 rings a day, more than 75,000,000 a  
 year.

Some people laughed when Henry  
 Ford said he meant to build 10,000  
 automobiles. Automobile makers said  
 he would ruin the business destroy-  
 ing its credit by such extravagant  
 statements. He has since made 15-  
 000,000 cars.

Dr. Little, head of the University  
 of Michigan, one of the youngest  
 American university presidents, re-  
 signs.

He advocated a "same form of birth  
 control" didn't want students to be  
 poor cars, objected to an alleged  
 blacklist of the Daughters of the  
 American Revolution that probably  
 would have kept Franklin, Jefferson  
 and surely Tom Paine from address-  
 ing the daughters.

Dr. Little will find a job some-  
 where else—perhaps farther West.  
 That vigorous "little girl," Texas  
 Guinn, who has light clubs has beat-  
 en Uncle Sam's effort to prove that  
 she conspired to defeat the Prohibi-  
 tion law. Thirty others arrested and  
 accused are also released, and will  
 live to dispense liquid refreshment  
 another day.

It is easy for detectives to get evi-  
 dence if they have public money to  
 spend getting it. But it seems diffi-  
 cult to convince a judge and jury.

 For weeks and weeks no interlude  
 Relieved the flow of devil's food.

I longed to bite a chocolate cake

 I wished in secret she would make  
 A tart Napoleon,  
 Bread pudding, or I cared not what,  
 But devil's food was all I got.

 She said, as though I'd struck a blow,  
 "My dear, I thought you liked it so!"

And now whatever food she serves  
 Not by a word or look  
 Is praise of mine, which she deserves,  
 Bestowed upon the cook.  
 I once thought devil's food again!  
 Till forced to eat it all the time.

## Just Folks

By EDGAR A. GUEST

THE DANGER OF PRAISE  
 One time she made a devil's food  
 When we were early wed.  
 "My darling, dear, this cake is good."  
 While eating it I said:  
 "I'll vow it is the finest cake  
 Of all the tasty things you make."

I fancied then man should bestow  
 A little word of praise  
 When pleasure has been his to know  
 'Tis but a debt he pays.  
 I felt he should by word or look  
 Give recognition to the cook.

But woman has a curious way.

Tempers Public's Indignation

Congressional Report Clearing Senators Borah And Norris  
 Of Taking Soviet Money Is Accepted As  
 Foregone Conclusion

Indignant newspaper comment on  
 the attempt to besmirch Senators  
 Borah and Norris through forged  
 documents, purporting to show that  
 they received \$100,000 each from So-  
 viet Russia, is tempered by evident  
 realization that, however malignant  
 the motive, the American public re-  
 sponder policy to withhold judgment  
 until proof is produced. One wit-  
 ness for serious consideration. The  
 congressional report clearing the  
 names of the senators was accepted  
 as a foregone conclusion.

Nevertheless there are demands for  
 uncovering of the slanders and the  
 LOUISVILLE COURIER JOURNAL  
 expresses a widely held opinion in de-  
 claring that "if this commercialized  
 spying, blacklisting, defaming mania  
 which has reached the stage of a  
 relatively small means, but like Borah  
 his integrity has always been beyond  
 dispute. It is probably just as well  
 that the request of Messrs. Borah and  
 Norris for full publicity has been com-  
 plied with in the interest of some fu-  
 ture historian, who might come across  
 the forged documents, but their rep-  
 resentations are too high to need any  
 formal verdict of a guilty conscience."

"There must be a reason," thinks  
 the CHATANOOGA TIMES, "why even  
 so ill-minded a person as the au-  
 thor or authors of this libel se-  
 lected only two of the scintillating  
 brilliancies of American statesman-  
 ship as the victims for their 'fool  
 calumnies.' If only this reason can be  
 found out and established, perhaps  
 the identity of the assassins may be  
 discovered." The SAN FRANCISCO  
 CHRONICLE also observes that  
 "there is some public interest in and  
 that 'it is not usually regarded as a  
 compliment by statesmen or any other  
 class of citizens, for that matter,  
 to be accused of accepting bribes.'"

That paper continues: "Probably no  
 two distinguished men in the United  
 States are often at odds with their  
 fellow countrymen in matters of op-  
 inion than Senators William E. Borah  
 of Idaho and George W. Norris of  
 Nebraska."

"We do not recall that  
 Senator Norris, although named as a  
 radical, had interested himself par-  
 ticularly in the affairs of Soviet Rus-  
 sia. Mr. Borah had long been an ad-  
 vocate of the recognition of the Soviet  
 government, and for reasons which  
 have not appealed to the government  
 of the United States. . . . Norris and  
 Borah have sacrificed popularity, in-  
 fluence and very much else that might  
 make their political pathway easy,  
 for their opinions. . . . Public con-  
 fidence in these men is not estab-  
 lished by the conclusions of the senate  
 committee; it is merely confirmed."

"Why were the forgeries prepared?"  
 asks the MILWAUKEE JOURNAL,  
 adding: "With the thought that some-  
 one would pay for them. The only  
 possible use could be to attempt to  
 throw temporary discredit on men  
 who were opposing somebody's  
 schemes. What is suggested is an ef-  
 fort, unskillful and wide of the mark,  
 to discredit known enemies of ex-  
 ploitation. Framing is an old way of  
 trying to get crooked things past the  
 opposition of honest men."

"Of all the country's public men,"  
 according to the CHARLOTTE OB-  
 SERVER, "there are probably none  
 about whom the people would be  
 slower to believe such accusation.  
 They are party men, and as such their  
 campaign actions have not always  
 fitted into their characters, but both  
 have long been known as rocks of  
 honesty and sincerity in their han-  
 dling of the public's business. Any  
 such charge against them is so fool-  
 ish on its face as to merit not even  
 the consideration which it has re-  
 ceived." In similar vein the DULUTH  
 HERALD pays the tribute to these  
 senators: "Borah and Norris, by their  
 vigorous independence, often make  
 themselves most annoying to those  
 who adore regularity, but they are  
 honest, and there isn't a chance that  
 anybody can be induced to believe  
 that offering them bribes would be  
 anything but suicidal folly."

"Fantastic to the height of folly,"  
 is the BROOKLYN DAILY EAGLE's  
 verdict on the attack, and it says  
 further of the attempts to present  
 holders to sell "the chief of these pa-  
 pers" to the congressional investiga-  
 tors: "The committee could not should  
 not and did not buy them. It was  
 probably light-killed and destroyed  
 their malevolent value. It deserves  
 congratulation for having put a spoke

# Committees Are Hard At Work In Reviewing Bills

Bills Relating To Election  
Reform Laws And Voting  
Machines Get At-  
tention

SEN. WEINGARTNER  
IS AMONG LEADERS

Expect Considerable Debate  
Over Proposal To Enact  
Baumes Law In  
Pennsylvania

By C. B. YORKE  
International News Service Special  
Correspondent  
HARRISBURG, Jan. 23.—While  
both houses of the general assembly  
have adjourned until next Monday  
night, the various committees today  
were busy considering the numerous  
bills that have literally been showered  
into the hoppers by members from all  
sections of the state.  
Among the important bills that will  
receive close attention are those re-  
lating to the use of voting machines,  
election law reform and crime condi-  
tions in the state. Nine election re-  
form bills have already made their  
appearance while some 20 bills which  
would radically change the present  
methods of dealing with criminals  
have also been introduced in both  
houses.  
In the upper house Senator Frank  
J. Harris, Pittsburgh, has taken the  
lead in proposing election reform with  
Senator Albert H. Davis of Scranton  
sponsoring the voting machine en-  
abling acts. Harris and Davis agree  
on the question of what political units  
may adopt the voting machines. Bills  
introduced by them would allow cities,  
boroughs and townships to use the  
machines on the petition of one per  
cent of the voters to the county com-

missioners which would bring the  
question up at the ensuing primary,  
general, municipal or general election.  
Weingartner to Lead.  
The sessions next Monday night are  
expected to see another batch of elec-  
tion reform bills introduced into both  
houses. Senator George T. Weingart-  
ner, New Castle, will be one of the  
leaders in the later movement.  
The principal bills in the group that  
was brought forward as the result of  
the findings of the Pennsylvania crime  
commission deal with checking the  
sale of firearms, imposition of life  
sentence for fourth offenders, provid-  
ing a means of waiving trial by jury,  
reorganization of the parole system,  
speeding up court procedure and in-  
creasing the penalty of bail jumping.  
There is generally a wide difference  
of opinion among members of both  
houses regarding the bill that pro-  
vides for life imprisonment of persons  
convicted of their fourth offense and  
much of the debate will center on this  
proposal.

## Game Protector Gets New Quail

Will Keep Them In Barns Until  
Weather Conditions Are  
Better

Frank Johnston, game protector in  
Lawrence county, has just received a  
new shipment of Hungarian Quail,  
which are to be distributed through-  
out this county.  
Owing to the severe weather condi-  
tions, Game Protector Johnston has  
secured two barns, one on Croton ave-  
nue and the other on North Jeffers-  
on street, where he had placed the  
new birds of which there are 182.  
Eighty-one were placed in each of  
the barns.  
Johnston will keep and feed them  
in these barns until some time in  
March according to the present plans,  
after which they will be distributed  
throughout the county.

# Detroit Team Is Scheduled

Will Play Westminster At  
New Wilmington On  
January 31

## BLUE AND WHITE PREPARES FOR TECH

(Special To The News)  
NEW WILMINGTON, Pa., Jan. 23.—  
Graduate Manager A. A. McDonald  
announced yesterday that the College  
of the City of Detroit has been sched-  
uled to play Westminster in a basket-  
ball game at New Wilmington Thurs-  
day evening, January 31.  
The regular 16-game schedule for  
the United Presbyterian passers was  
deemed strenuous enough by the ath-  
letic committee of the faculty some  
time ago, but when the possibility of  
the game with the Automobile city  
players was made known, the commit-  
tee gave permission willingly. This  
will give Westminster a home game  
between the Thiel contest at Green-  
ville January 29 and the Allegheny  
game here on February 4.  
City College of Detroit last year  
won the class B championship in bas-  
ketball for the state of Michigan, win-  
ning 17 out of 18 games played. Their  
only setback, by Manhattan college  
of New York City, came after a strenu-  
ous road trip. The Titan record last  
year of 17 victories out of 20 games  
and the tri-state conference cham-  
pionship will naturally create consid-  
erable inter-sectional rivalry.  
Coach D. L. Holmes of the Detroit  
five will bring to New Wilmington a  
veteran aggregation. Among the men  
who will face the United Presbyterians  
are Gunn and Scheeter, two stars of  
last season. Gunn accounted for 259  
points for Detroit last year, while  
Scheeter made 180 points.  
The invaders will play Kent State  
Normal college at Kent, O., during  
their trip east and will return to De-  
troit following their game here.  
Play Tech Friday.  
On Friday night of this week Coach  
Lawther's crew will journey to Pitts-  
burgh to play the rapidly improving  
Carnegie Tech team at the Tech gym-  
nasium. This is the first court game  
between the Titans and Tartans since  
1924, and should result in a thrilling  
contest. Tech defeated Geneva at  
Pittsburgh two weeks ago.  
Following the Tech game, Thiel will  
be met at Greenville on Tuesday eve-  
ning, January 29, in a tri-state con-  
ference contest of great importance.  
The Lutherans gave Duquesne plenty  
of opposition at Greenville last week  
and will extend the United Presby-  
terians to the limit.  
With the Detroit game scheduled  
for New Wilmington on Thursday,  
January 31, the Titans will have had  
some real practice on the home court  
in preparation for the Allegheny con-  
test here February 4. The Metho-  
dists are bound to make things inter-  
esting. Westminster was fortunate in  
defeating the Meadville five by one  
point one week ago at Meadville. If  
Coach Baker's men improve any, they  
are almost certain to win out.  
Westminster now has eight victories  
and one defeat on the record books  
for 1929. This includes five practice  
games played during the Christmas  
vacation period, victories over Grove  
City, Duquesne and Allegheny.

Mildred and Betty spent a few days  
last week with Mr. and Mrs. Clyde  
Moore, near Jacksonville.  
Mrs. H. M. Reddick, Henry Red-  
dick, Mrs. G. P. Shrepp and Mrs.  
Harold Thompson were Lanesville vis-  
itors Tuesday of last week.  
The Slippery Rock Sportsman's As-  
sociation, through O. J. Hilgar recent-  
ly turned loose fifty rabbits in the  
woods near town. The rabbits were  
of the large Missouri breed and were  
obtained from the State Game Com-  
mission.  
Funeral services for J. E. Bard were  
held in the Presbyterian church Sat-  
urday afternoon and were largely at-  
tended. Rev. H. Cameron McClure  
conducted the services. Burial was  
made in Slippery Rock cemetery.  
Funeral services for Harry Ar-  
blaster were held last Thursday af-  
ternoon from the family home with  
Rev. Zenol of Ohio and Rev. Gitter  
of New Castle officiating. Burial was  
made in Slippery Rock cemetery.  
Miss Mae McFerrin has accepted a  
position as teacher of Crocker school  
near town. The position was made  
vacant by the resignation of Ross  
Boozell. Mr. Boozell expects to take  
advanced work at the college during  
this semester.  
Mr. and Mrs. Paul McFate and  
children arrived from Colorado on  
Thursday where they have made their  
home for the past several years. They  
will take up their residence on the  
McFate farm near town. Their many  
friends will be glad to welcome them  
into their midst again.  
The condition of Dr. George L.  
Hamm, who with his wife have been  
patients in the Shesango Valley hos-  
pital was such as to allow him to be  
brought to his home on Saturday.  
Mrs. Hamm accompanied him home.  
Dr. Hamm was able to meet his  
classes at the college on Monday.  
Ray McCleary, an agriculture stu-  
dent in the local high school has been  
notified that he has been awarded  
sixth place in a State Potato Contest,  
sponsored by State College. Ray pro-  
duced 360 bushels of potatoes on one  
acre as part of his project work. The  
contest included about 2,000 boys.  
Records of his work show total re-  
ceipts of \$350 and expenses of \$150, or  
a net profit of \$200. Included in his  
expense account was \$45 to himself  
in labor, making his gross profit \$255.  
Kenneth Cottrell a high school stu-  
dent was forced to leave school on  
account of a throat affection. He was  
taken to his home in South Bend,  
Ind., by E. B. Cottrell with whom he  
had been making his home while in  
school. He had been suffering with  
his throat for some time and recent-  
ly became unable to swallow. He  
was taken to New Castle hospital  
where food was injected into his  
stomach and it was decided to re-  
move him to his home. Young Cot-  
trell was a member of the football  
and basketball teams and had made  
many friends since entering school  
here in September.

# Second Semester Starts At High

Students of the Senior High school  
will return to school on Thursday  
morning at 8:30 to resume studies for  
the second semester of school.

Some students are still taking ex-  
aminations but the number is  
thought to be small. This morning  
all students who failed to take exam-  
inations on the time assigned for a  
special reason, were given the oppor-  
tunity to do so.

While all the students are enjoying  
their short vacation the teachers are  
busy correcting examination papers  
which number close to 2,000. The  
office of the local high school is also  
very busy arranging schedules and  
giving out teachers needs.

Healthy Condition Of State  
Finances Is Forecasted At  
End Of Biennium

**GOVERNOR FORESEES  
ABOUT SAME INCOME**

(From News Bureau  
State Capital)  
HARRISBURG, Jan. 23.—Even long  
before the next biennium begins some  
followers of the State's finances are  
predicting a surplus on May 31, 1931.  
This anticipated healthy condition of  
the State's fiscal position, however,  
is dependent on numerous conditions.  
Governor Fisher in submitting his  
budget to the legislature estimated  
the State's income would not increase  
in the next biennium. Neither did  
he take into account any losses in  
income through repeal of the tonnage  
tax on hard coal. No account was  
taken for increasing salaries of the  
judiciary, creation of a department  
of revenue or any new undertaking  
that the legislature may seem fit to  
embark. He has told the lawmakers  
that to engage in anything new they  
must find the revenues.  
The estimated income to the gen-  
eral fund is slightly in excess of \$144,-  
000,000 for the 1929-31 biennium. This  
is about \$5,000,000 below the present  
biennium. The decrease, the admin-  
istration explains, is because of the  
collections of delinquent taxes which  
are non-recurring items.  
Actual income to the general fund  
during the 1925-27 biennium was  
more than \$141,000,000 while for the  
previous biennium the income was  
about \$2,000,000 less. Those who are  
students of the State's finances are  
busy with pencils trying to figure why  
the estimated income to the general  
fund will be only about \$5,000,000  
above that of four years ago. The  
business of the State is increasing  
annually.

Two years ago the budget officer  
estimated that after paying all ap-  
propriation liabilities the balance  
would be about \$216,574 at the end of  
the biennium on May 31. Now it is  
estimated at more than \$25,500,000  
and of that sum about \$5,000,000 is  
represented in delinquent coal tax  
collections. The difference between  
receipts and expenditures for the  
next biennium is \$6,682.51 on May 31,  
1931. If the estimates are as accu-  
rate as those for the present two years  
a substantial balance will be in the  
treasury many believe.

**Makes Fat People Slim**

New York Physician Perfects Simple  
and Easy Method of Reducing Weight

Dr. R. Newman, a licensed practi-  
cing physician, of 285 Fifth Avenue,  
New York, announces that he has  
perfected a treatment which has  
quickly rid fat people of excess weight.  
What is more remarkable is the Doc-  
tor's statement that he has success-  
fully treated thousands of patients for  
fat reduction without unnecessary  
change of diet or burdensome exer-  
cise. He also says that fat people who  
suffer from chronic rheumatism, gout,  
asthma and high blood pressure ob-  
tain great relief from the reduction  
of their superfluous flesh. The Doc-  
tor has offered to send without charge  
to anyone who will write him, a free  
trial treatment to prove his claims, as  
well as his "Pay-when-reduced" plan.

## Women's Aid Of E. & A. Gathers

Women From All Over Division Meet At Y. W. C. A. For January Meeting

### REPORTS SHOW GOOD WORK ACCOMPLISHED

Members of the Women's Aid society of the Erie and Ashtabula division, Pennsylvania railroad, gathered at the local Y. W. C. A. on Tuesday afternoon from 1:30 to 4 o'clock for their regular monthly meeting. The E. and A. Women's Aid is composed of wives of officials and employees, and women employees of the division, and functions solely as a welfare organization in behalf of Pennsylvania railroad families on the local division.

About 75 members from Ashtabula and other distant points on the E. and A., besides this city, were in attendance yesterday. Mrs. E. A. Fen-ton and Mrs. J. C. Hamman were in general charge.

The meeting opened with a business session, during which the year's activities were reviewed and the report of the secretary and the treasurer given. At this time also it was reported that a total of \$3,115 was expended in assisting 32 families of the division during 1928.

It was also announced during the business session that the Aid's annual membership drive will be launched at once, opening today and continuing until February 10, inclusive. The money that is taken in through these membership fees is the money that is expended in helping needy cases that arise during the year. It is hoped that Pennsylvania railroads will respond quickly, generously to this worthy endeavor of the Women's Aid.

Immediately following the business session yesterday came a program of entertainment, including musical numbers and a comical dialogue in which members of railroads' families participated. The program that was given follows:

Vocal solo—Mrs. Robert Baum.  
 Piano selection—Miss Dorothy Myers.

Trumpet solo by J. P. Weyrick, accompanied by Mrs. J. P. Weyrick. Participants in the comical dialogue entitled "The Train to Loo-ton" were Mrs. George Stoddard, Mrs. C. I. Wetmore, Mrs. O. N. Fisen-ler, Mr. and Mrs. J. P. Weyrick and the Misses Dorothy and Roberta Myers.

Luncheon was served immediately following the program in the auditorium by the committee, closing what is believed by those present to be one of the most enjoyable meetings of the Women's Aid for some time.

The proper measure of a man is the size of the thing required to get his goat.

## Settlement Reached In Wm. James Estate

Petition Granted To Sell Certain Securities Following Agreement Between Beneficiaries

In a petition presented to court today by Mrs. Winifred Richards James executrix in the estate of her husband the late William James, leave of court is asked to sell certain securities in order to settle up the estate under agreement reached with Clifford R. James son of William James who with Mrs. James were the beneficiaries under the will.

There is in the hands of the executrix cash and securities amounting to \$25,275.19. William James was left \$500 and a house and lot valued at \$3,100. Mrs. James was left the balance of the estate for life. Following the filing of the will suits were filed by Sarah Davis, Beatrice Jewell, Richard L. Johns and William M. Johns for \$1,000 each which they believed that they ought to have out of the estate.

Under the agreement reached these claims are to be paid and Mrs. James gets her widow's exemption of \$500 and an amount equal to the house and lot given Clifford R. James after which the balance of the estate is to be equally divided between Mrs. Winifred Richards James and Clifford R. James. Permission was given to sell securities to raise the necessary cash to complete the agreement. Other securities are to be divided.

## Motorist Injured, As Auto Plunges

Gibsonia, Pa., Man Seriously Injured At Pittsburgh As Auto Plunges Off Road

(International News Service) PITTSBURGH, Jan. 23.—Christopher Rynd, 34, of Gibsonia, Pa., was seriously injured early today when his automobile skidded on the icy surface of Washington Boulevard here and plunged down an embankment to the tracks of the Pennsylvania railroad in the face of an approaching train.

Rynd was driving east when his car skidded, jumped the curb, ran for about 30 feet and then took a 25-foot drop to the railroad tracks below. In the fall, the car turned over several times and rested wheels up, on the east-bound tracks of the railroad just as an east-bound shifting engine came along. The locomotive was halted about 50 feet from the automobile.

The engine crew extricated Rynd, placed him in the cab and made a quick backward run toward town while they summoned a police motor patrol which rushed the man to the hospital. A wrecking train was called out and derricked the wrecked car from the rails. Rynd suffered internal injuries.

## Bootlegger's Car Wrecked On Hill Near The Harbor

Deputy Sheriff William Reynolds Finds Ten Gallons Of Liquor In Car

Answering a call to the Harbor on the New Castle-Youngstown road this morning, Sheriff William Reynolds found an abandoned Buick car, containing ten gallons of liquor.

The car evidently belonged to bootleggers. It had skidded on the steep hill west of the Harbor, and had been badly wrecked. Both rear wheels were broken and one front wheel. The car bore Ohio license number 859-348.

The accident happened about 6:45 this morning, according to Mrs. James Waldron, who lives near by. She saw the car skidding into the ditch. A man and boy got out, and, after looking the car over, started walking away. She was not close enough to secure a description of them.

Deputy Sheriff Reynolds sent for a wrecker and had the car and liquor brought to this city. Efforts are being made to locate the owner of the car.

## Second Case In Auto Accident Is Up For Trial

Suit Of Harvey S. Snyder Against Philip Gould Before Judge Hildebrand

Immediately after the case of Mrs. Maud Langley against Philip Gould, went to the jury today, the case of Harvey S. Snyder against the same defendant was taken up before Judge Hildebrand. Snyder was the driver of an automobile in which both he and Mrs. Langley were injured when struck by the Gould car on the New Castle-Butler road near Princeton. Snyder claims that when his car was sideswiped he was thrown through the door of the machine. He received serious injury to one leg and also bruises on his body. He claims that he was laid up for some time as a result of the accident. He asks for \$5,350 damages, a part of which is for personal injuries and the balance for his car which was badly wrecked.

## Join Y. W. Health Class To Reduce

Would you, who are overweight, not like a guarantee of six of ten years of prolonged life? If so join the health class at the Y. W. and lose that surplus flesh. Do you know that if one is fifty pounds overweight and fifty years of age, she decreases her expectations of life fifty percent. Depending on the number of pounds she is overweight. You say you are overweight but not fifty years of age. Now is the time. Don't wait until you are fifty years old. The longer you have been putting on weight the more difficult its removal.

Why does an overweight person decrease her expectations of life? Because, with so much flesh around the vital organs, it becomes more and more difficult for them to function. Excessive overweight is not merely a matter of appearance but it affects your vital health. Call the Y. W. and as for information about the class, where you can reduce safely, sanely, intelligently. Do it now.

## Drive Cautiously Patrolmen Warn

Highways are slippery, ice-coated and automobilists should drive cautiously, and chains should be used. This was the warning note from members of the Pennsylvania Highway patrol on duty in Lawrence county today.

## No New Contagious Cases Reported

New Castle passed through 24 hours without any new contagion being discovered, according to city health bureau attaches who stated today that no reports of communicable illness had been made during the past 24 hours.

## New Castle To Leave O. & P. Loop

Directors Not To Sponsor O. & P. Or Semi-Pro Team This Year

PETER CAPITOLA  
 NAMED PRESIDENT

New Castle will not renew their franchise in the O. & P. Baseball league this year, it was announced today by Cam Sacco, business manager of the club, following an election of officers and the transaction of business last night. Peter Capitola will head the Italian Athletic association which sponsors the club.

According to Sacco the directors decided not to assume the responsibility of putting a team in the O. & P. league, nor sponsoring a semi-pro aggregation. Rather the grounds will be for rent and three boxing bouts will be staged during the summer.

One of the matters discussed was the feasibility of converting the baseball park, or Centennial field into an ice skating rink to be used next winter. It is big and surrounded by a fence. The method of how such could be accomplished remains to be discovered. The club will hold a spaghetti supper and dance in the near future.

David Valensi, who has served as president of the club for eight years, resigned and "Pete" Capitola was elected president; H. A. Fazzone, vice president and C. L. Ross, secretary treasurer; S. L. Ross and Frank Summers who resigned as directors have been succeeded by Alex Natale and Sam Scarazzo.

Sacco has been the business manager of the club and it is anticipated that he will be reappointed by the directors board.

## Veteran Baseball Pitcher Is Dead

(International News Service) UNIONTOWN, Jan. 23.—For years in the limelight as a baseball pitcher, Tom Menefee, 70, brother of "Jock" Menefee, of Monessen, another famous pitcher, died today in the Fayette county home. He had been admitted to the institution last Friday after being found in a Cardale parage, his clothing in rags and weak from lack of food. He was found dead in his bed today.

## Pittsburgh Girls Without Funds Are Held In Harrisburg

Four Young Pittsburgh Girls Stranded In Harrisburg Ask Aid From Police

(International News Service) HARRISBURG, Jan. 23.—Four Pittsburgh girls, reported to police as missing from their homes in that city, were found here today when they appealed to police of this city for aid. The girls are Estelle Harnett, 16, Mildren Sharsky, 15, Alice Coleman, 16, juniors in the Peabody high school at Pittsburgh, and Rene Thomas, 17, also of Pittsburgh.

The girls said that they had hitchhiked here from Pittsburgh and that they appealed to police when they failed to obtain employment and their funds became exhausted.

## Perfection In Christian Life Theme Of Message

Rev. Howard Sweeten delivered an able message Tuesday evening in the Primitive Methodist church on "Christian Perfection" taking his text from Hebrews 6:1.

The minister said in part: The question in the minds of people today is, "What is Christian Perfection?" Many are led to believe that this work of grace demands that we be infallible. This is not so, for we are all subject to making mistakes. God has made it possible that we might be perfect in heart. We may be perfect in our sphere as human beings as God is in his infinite wisdom.

To attain perfection there must be a cleansing of the heart from inbred sin and then a growing in grace continually. There are five spheres of perfection. First, absolute perfection which God alone has; second, angelic,

which by creation has been given angels; third, Eden, which Adam possessed being free from sickness and death; fourth, resurrection, which all the redeemed will have when mortality puts on immortality; fifth, christian perfection, which is obtained by the cleansing blood of the Son of God in this present world.

## Altercation Over Painting Work At Junior High

Due to an altercation between the decorator in charge of the finishing work in the interior of the George Washington junior high school and the local painters' union, the painting inside the school is held up temporarily.

The painters have contended that they should be allowed to use 50 per cent local painters on the job, while the contention of the decorator is that the work is such that he must use his own men. The school authorities are endeavoring to straighten out the tangle in an effort to have the school ready for the dedication on February 22.

## WAR TIME LETTERS BY COL. LEASURE

Written From Battle-  
front During Civil  
War

From Papers of Late  
Col. J. S. DuShane

The Late  
Col. Daniel Leasure

(Continued From Yesterday.)  
Following is a continuation of Col. Leasure's letter, the first section of which was presented in The News Tuesday, in which he tells of the fighting around Sistersville.  
"I was just forming my regiments into line of battle or columns of attack, all on double quick, mind, when General Stevens himself rode up and ordered us forward at a double quick, and off we went, only half formed for attack, and a mile of cotton field before us, full of high ridges of old cotton rows and cropped by two dikes about a quarter of a mile apart, which were formed by digging two trenches and piling the earth so as to make a very formidable barrier.  
"Gordy and I got to the one nearest the fort about 300 yards in its front where we were obliged to leave our

horses and go on foot. There I sent Gordy to hurry up the 46th to sustain the 100th while I ran forward on the left flank to bring up the straggling flank of the 78th. At this time there were no troops in our front.

"The 8th Michigan was awfully cut up. The open ground was covered with its dead and wounded while a few remained lying in the cotton rows firing at the enemies' heads as they showed above the parapets to join their guns. I advanced with the left flank of the Highlanders, cheering them to charge, till when within about 100 yards of the works, three immense guns belched out a perfect charge of grape, cannister, old chains, empty porter bottles, nails and even brickbats as just cut the regiment in two, leaving one half to go to the right and the other to the left. Still the two portions passed on until when about 30 paces from the parapet, the rifles and musketry opened on us and in less than two minutes I was the only man left on his within 50 yards of me on the right, and looking to the left I saw a whole regiment of the 23rd Mass. lying in the bushes behind a kind of bank that led up to the left of the fort. I had barely time to see this and to see the right of the Highlanders withing under a similar fire of small arms and the 100th coming up gallantly to their support when again the storm of missiles from the huge guns leaped out with tongues of fire, darkening all the air with projectiles with which they had been crammed to the muzzle.

"Quick as thought I dropped flat to the ground and let the iron hail pass over me and when I arose it was to see the ground strewn with Roundheads, dead, dying and wounded in all sorts of horrid forms and the regiment cut in two just as the other had been. At the same moment Gordy brought up the 46th New York and it shared the same fate and fell back. Meanwhile the right of the Highlanders and a part of the Roundhead regiment got on the parapet and fired two rifle pits filled with men and a couple of howitzers on the other side of the fort opened fire on them either killing or wounding most of them and drove them back. By this time Major Lesky with two companies of the Roundheads came up to their support but before he reached them somebody gave the order to fall back which they did, accompanied by all of the 8th Michigan and the Highlanders that were able to go with them.

"I now turned my attention to retrieving the mistakes of the day which was no easy task. Fenton's brigade was scattered to the winds, the 8th Michigan, his chosen regiment cut to pieces, his supporting regiments in the bushes where the grape was cutting them to pieces as they lay vainly trying to avoid danger but not fighting any. Wright's and Williams' brigades had not yet arrived and panic and disaster were almost upon us, for if my brigade fell back the enemy would make a sortie and cut us to pieces. During all this time a storm of grape hissed over the ground and every discharge did fearful execution. By this time one of my orderlies had run his horse down carrying my orders and went for a fresh horse. Two of them were wounded and the fourth had his horse shot from under him while listening to my orders to be carried to General Stevens in the rear. Poor fellow he cut

## Helped at Change of Life

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine at the Change of Life. I would get blue spells and just walk the floor. I was nervous, could not sleep at night, and was not able to do my work. I know if it had not been for your medicine I would have been in bed most of this time and had a big doctor's bill. If women would only take your medicine they would be better."—Mrs. Anna Weaver, R. F. D. No. 2, Rose Hill, Iowa.

a most ridiculous figure. A cannon ball had struck his horse fair in the forehead and buried itself in his heart and on rising from the ground the poor fellow was covered with hairs and blood of his horse and was not quite sure whether he was killed or his horse or both.

## Schools Co-operate With Stock Company

Green Urges Co-operation Of  
Teachers And Principals  
With Miss Hamper

That the educational authorities are fully aware of the benefits to be gained by the movie-mad youth of today from Shakespearean repertoire is evidenced by the hearty co-operation Genevieve Hamper, who will play at The Cathedral Friday and Saturday, is receiving from the schools and colleges where she presents Shakespearean plays.

In many places school is disbanded for matinees and credits given to the students for each play witnessed. New Castle is not lagging behind in its appreciation of Miss Hamper's efforts in bringing Shakespeare to the city at a price well within the reach of the poorest student. Dr. C. C. Green, superintendent of schools, has given Miss Hamper his official O. K. and has asked principals and teachers of the various city schools to co-operate with him in his desire that each boy and girl may have the opportunity of witnessing Shakespearean plays ably and beautifully presented. Miss Hamper will give three plays at The Cathedral auditorium on Friday and Saturday, Macbeth, As You Like It and Julius Caesar. She brings a company of 25 experienced players headed by John Alexander and complete new settings and costumes for her repertoire. The sets were designed by Le Roi Opera, who also directed the staging and are extremely modern in idea and execution. Miss Hamper, who perhaps is the youngest actress who has ever presented her own company in the classics, sets her interpretations in the modern note of naturalness, more easily understood and appreciated by the younger generation.

## Accidental Hug Is No Crime In Berlin

BERLIN, Jan. 23.—The German courts have held that a man who accidentally embraces his employee while cannot be dismissed on that account.

Eduard Retschlaeger, superintendent of mannequins in a millinery shop, admitted Miss Gelbstern, one of the mannequins. In temporary darkness, caused by a faulty electric light, he obeyed an impulse to embrace her, but when the light came on he found he had made a bad mistake. His employer's wife slapped him and his employer fired him, but the court gave him damages.

## Law Takes A Hand

Georgia Judge To Watch Over Election Of Women's Club After Factions Carry Dispute To Supreme Court

By ROBERT MORAN Staff Writer for Central Press and The New Castle News

ATLANTA, Ga., Jan. 23.—For the first time in the history of Atlanta, and probably in the history of all Georgia, a mere man is supervising the election of officers at one of the country's leading women's clubs.

Following a long and hard fought legal battle, the supreme court of the state has decreed that the only possible way for settling differences within the Atlanta Women's club is to hold a new election and Judge John D. Humphries, who presided over the hearings in the lower court, set the date, Jan. 23, and will keep a fatherly eye over the proceedings to see that both factions are given their legal rights.

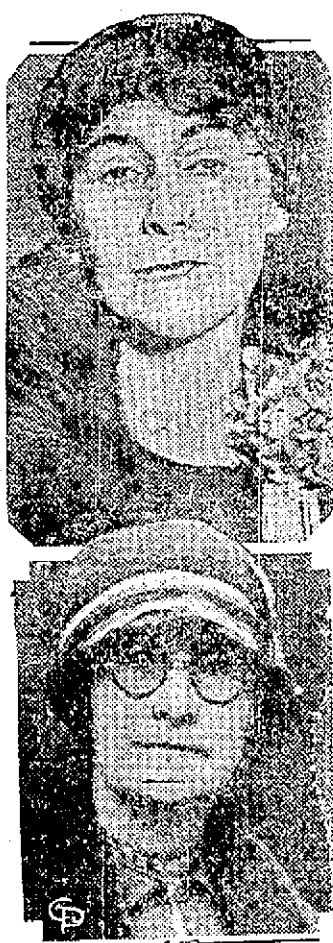

This decision is the outcome of the struggle for supremacy between two groups, headed by Mrs. Charles Goodman and Mrs. John R. Hornady.

It reached its climax at the annual election held several months ago at which Mrs. Charles Goodman was declared elected president, despite vehement protests of the opposing group. Mrs. W. B. Price Smith held that nominations from the floor were not in order under rules of the club, and that the nomination of Mrs. Goodman was the only one before the club, the time for filing nominations having expired at a previous meeting. The meeting was calmed by the fact that policemen had been called to insure order.

When Mrs. Price Smith declared the elections over and the meeting adjourned, she and others left the club. Then the opposing group took possession of the room and with Mrs. Alonzo Richardson, Georgia director of the general federation of clubs, in the chair, held another election at which Mrs. Hornady was nominated and elected.

In the lower courts, Mrs. Goodman had all the better of it. In two decisions she was upheld and her opponents barred by court orders from molesting her in her administration of affairs.

But in the supreme court, the tables were turned and it was decided that a nomination from the floor always was in order. Hence the new election.

## Allegheny College Gets New Buildings

Two Structures May Be Dedicated At June Commencement

MERCER, Pa., Jan. 23.—Buildings costing half a million dollars will be dedicated at the June graduation of Allegheny College, is the belief of W. J. Wheldon of Mercer, who is a member of the board of trustees of the school.

The two structures have been in process of building since last summer. They are: Cafeteria Hall and Art Hall. The first is a boys' dormitory, the latter a recitation hall. The dormitory is the gift of the late Jacob Caflish, through his widow, Mary Caflish. The building has cost now \$230,000 and will cost \$100,000 more to complete.

Arter Hall is the gift of Frank Arter of Cleveland, deceased, a former student of the school, who died leaving bonds that have almost doubled in value. The building has cost to date \$180,000. The completion will cost \$100,000 more.

It is also planned to build an addition to the Ford chapel, which now has a seating capacity of 600. The cost of this improvement is estimated at \$70,000.

Plans for the improvement have been drawn and will be acted on at the June meeting of the board, says Mr. Wheldon.

Hospital Addition The \$12,000 addition to the Mercer hospital which will make that institution a 60-bed hospital, is being completed now and will be put in use very soon, says Dr. D. E. Vogan, the hospital owner.

The work is being done by Gilmore & Anderson of Sandy Lake.

## Avoid Too Much Dosing For Flu Says Physician

Its Toxins Upset Stomach and Constant Dosing Further Disturbs Digestion.

According to health authorities, a peculiarity of influenza is that its toxins upset the digestive system, especially in the case of children. Too much "dosing" still further disturbs the digestion, and should be avoided except on advice of a physician.

Vicks VapoRub is especially valuable because it is applied externally and so can be used freely with no risk of upsetting the digestion. Nor can it interfere with any other treatment your doctor may prescribe.

Rubbed on the throat and chest, Vicks acts two ways at once: (1) through the skin like a poultice, and (2) by means of its medicated vapors, released by body-heat and inhaled direct to the inflamed air-passages.

In the present epidemic, as in 1918, Vicks is proving its usefulness in millions of homes. In spite of vastly increased capacity, it is again necessary to run the laboratories all night long, as the public now demands over 375,000 jars every 24 hours.

## Report Of Boy Scout Executive For Year

At the present time there are hundreds of boys in New Castle and Lawrence county who are members of the Boy Scouts organization. The organization has done much here in training the boys of the county and the report of J. Lee Calahan to his council, which is composed of public representatives who serve free of charge, and to the public at large will undoubtedly interest many.

The report as submitted by Mr. Calahan follows:

"Another year the seventh of scouting for this council has come to a close. We are about to have written up in the book of life the results of the concerted efforts of a group of citizens of Lawrence county in behalf of its youth.

"What a joy it has been to discover and work with a group of men, the biggest men of this county, who could in their busy lives find time to give to the development of a program dedicated to the building of true character in our coming manhood. Men willing to give of their time to a movement from which they themselves can derive no pleasure except

that of seeing boys grow into useful, happy, creative citizenship and greatest of all men who are not only willing to give of time and themselves but have tried to interest others in doing likewise.

"This year we can look back over a year of accomplishments and some failures.

"We can see a number of lives made happier through the efforts of the Lawrence county council.

"The Lawrence county council has received very high awards from time to time but only through our mutual efforts.

"This has not been as good a year as I would like to have seen in our training work. More of our leaders should be better equipped to lead boys than in previous years. We have not been placing before our leaders the best training available and we know this is not bearing fruit in our troops. It is my recommendation that we give closer attention to the training of our leaders this year than ever before in our history.

"Our records show a loss of 23 scouts but on an accurate and com-

plete analysis of these figures, we are gratified for this indeed seems to be a graduation year. The majority of boys dropped from active scouting we find to be those who have served well and now leave on account of age, going to college and so forth. We find a high percentage of these so-called dropped scouts to have legitimate reasons and leave scouting with highest regards for the program and what it has done for them. Again we find a number of boys dropped through no fault of their own but through unqualified leaders, lack of support of the sponsoring institution and other reasons.

"A continuous effort has been made to increase the standard of our work. The day of the second class, first class scouts has passed. Boys are more universally earning their rank. An Eagle scout is a product of scouting and one of which scouting can be proud. The Eagle badge is more and more becoming the stamp of true manhood.

"Our scouts are getting a better understanding of the good turn and the practical citizenship which it represents. Boys are doing good turns, not as a scout requirement, but as a social duty.

"Scouts in most communities are setting the pace for a clean reading program. Many of our schools and public libraries are recognizing the movement and assist it wherever possible.

"The camp and outdoor program have taken a better hold on our leaders, and while we have a long way to go before we can boast of universal outdoor scouting, we are gratified at the progress made.

"Our program by reason of its activity has helped boys to so fill their leisure time that they have little opportunity for wrong-doing or thinking.

"Scouting then with all its phases is gradually reaching the minds of the thinking people of Lawrence county so that we believe we are facing still greater things for the year of 1929. And surely by God's help we will accomplish much.

"We have with what is here stated and that which our groups report reviewed a year of accomplishments. Let us now face forward, strengthened and refreshed by fruits of victory, and set our minds, muscles and our means towards new accomplishments.

"We cannot know where we arrive unless we decide now where we are going.

"I present for your earnest consideration the four objectives for 1929 which I, your executive, deem most important:

"1.—The complete cooperation of every member of the council in trying to interest men and in securing the funds toward paying off the present debt on Camp John M. Phillips and supplying enough capital to complete our proposed camp plans for the 1929 season.

"2.—Men we are not asking for this for any benefit which we may be able to derive from it. We are asking for funds to set aside and equip a portion of lands in Lawrence county to be used as a permanent training center for the character building and physical development of the boys of Lawrence county. Not only for the boys of this generation but for generations to come.

"What greater memorial can any men make or civilization leave than a portion of ground left as God gave it to us, accepted and dedicated to the enrichment of youth and the building of true manhood. Lawrence county's own. This is the most important task and I believe there are men of means who would like and desire to leave such a memorial to their memory if we can but acquaint them of the opportunity.

"3.—We are interested in the future of our needs and the youth of our land. By reason of our being interested in youth and its future, we are interested in giving them what we believe to be the best program possible toward building that future. And this program, we believe, by our very connection with the movement would be scouting.

"Therefore, it falls to our lot to interest institutions which in any manner come in contact with boy life. We must insure the future success of this movement make a very definite effort to sell the proper responsibility for it to each institution, which sponsors and hopes to sponsor a troop of scouts. In other words, we must sell every community and every institution in the community its responsibility towards its own youth.

"4.—Our third great need is men—men of character—men who themselves are successful or on the way to success in the game of life.

"There is no man too good or too busy or too great to be challenged with this work. But there are thousands too small.

"We must make our program challenge the best minds in the community.

"We must attract to our movement the best there is.

"We must arouse a feeling of responsibility in our youth in our district, in our churches, and in our troops.

"We need men who will give time and thought to the most important building operation in Lawrence county, that of building men.

"Men we cannot be timid, for the day of passive interest in the program is past.

"We need aggressive, unselfish, consecrated interest.

"We must be sure of our product and then we can look every man in the eye and ask if he is doing his duty.

"4.—We spend in Lawrence county many times more money to support our criminals than we do to support our youth.

"We are not asking for charity. We are asking the people of this community to support and help the community's youth to become better men.

"We are asking the community to surround its youth with things that will make the boy want to do what is right and then give the opportunity to do right.

"Our books are open to inspection. Every penny is legitimately spent. We would welcome concrete suggestions to get more out of the money given us.

"We are but the stewards of the people of the community and we can only do what the support of the community permits us to do.

"The honor of carrying on this work has fallen on our shoulders. Therefore, we must show the people the needs and we need not hesitate in asking from those we have.

"Let us determine to put scouting on a firm financial basis. Let us have a permanent financial consistency.

## Guarding Against the FLU

Any cold can mean the flu; the surest way to avoid flu is to avoid colds.

To avoid coming down with a cold make prompt use of Bayer Aspirin.

Don't wait to see if that first sneeze or cough is going to be a cold. Take Bayer Aspirin at the first sign of any cold, and be safe.

And whatever you do, don't neglect a sore throat these days; gargle with Bayer Aspirin and remove the infection.

Guard against the flu by guarding against the colds that make you susceptible to the flu germs that lurk in crowded and poorly ventilated places.

## Who Sells it?

WHEN you want to buy a radio, a vacuum cleaner, or a washing machine—there's no need to waste any time trying to find who sells it.

When you want a plumber, a paper-hanger, or an upholsterer, it's no trouble at all to locate one.

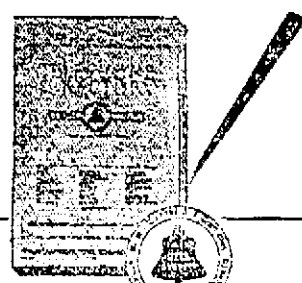

Not when you have a telephone directory and a telephone.

All you have to do is look in the Classified Section. There you'll find listed every business house in town, conveniently arranged for quick and easy reference.

Then you can telephone for prices or any other information you may want. You'll also find in the Classified Section a new feature—just started—TRADEMARK LISTINGS of well-known products, with the names, addresses and telephone numbers of the local dealers.

All of which makes it an easy matter to find out

## Find Improvement In School Lighting

### Older Buildings Being Remodeled So As To Give Better Light

Let us here and now decide to make Lawrence county the best county in the world for youth to live in. Let us make 1929 the biggest and best year in the history of the movement.

"Finally, I would like to request in view of these four objectives which I have presented, the appointment of a committee to prepare a group of goals to be reached during our achievement year.

"The scout membership gain in the year is 267.

"Respectfully submitted," J. LEE CALAHAN, "Scout Executive."

It is easy to tell the countries we never have kicked in the pants. They get no good-will envoys.

HARRISBURG, Jan. 23.—Surveys of the school buildings of the third and fourth school districts, which have just been completed by the school division of the State Health Department, indicates that the lighting factor in schools has been decidedly improved. This not only applies to the more recently constructed consolidated buildings, but to older structures which have been remodeled.

Commenting on this report, Dr. J. Bruce McCraken, deputy secretary of health, said, "Eye strain of the young scholars is likely to be a common fault, unless the area of light is sufficient for their work. In this connection, it must be added that while the amount of light is absolutely essential, it is equally necessary that its distribution be proper. Instances have occurred in schools where the quantity of light was adequate but was so directed as to cause a general lack of tone in the vision of the pupils. Moreover, the placing of artificial lights is just as important as a scientific consideration of sunlight."

Coolidge Sees Surplus In June

Fiscal Year Should Show \$143,000,000 Net Profit For Uncle Sam

SITUATION DEPENDS ON CONGRESS ACTION

By ROBERT S. THORNBURG International News Service Staff Correspondent

WASHINGTON, Jan. 23.—If present rates of income and expenditures are maintained by the government during the remaining five months of the fiscal year Uncle Sam will come out with a net profit of \$143,000,000 in June.

This was learned at the treasury today in connection with the statement from President Coolidge that he anticipated a surplus by June 30. Unless appropriations surpass all expectations, the treasury said, a surplus is certain. While estimates are more of a guess considering the uncertainty of appropriations, it was the opinion that the government would finish the fiscal year about \$100,000,000 ahead.

These rates of in and outflow of cash indicate receipts of slightly over \$3,900,000,000 and expenses of nearly \$3,760,000,000 for the year. So far this year receipts are \$129,000,000 less than last year and expenditures \$136,000,000 greater.

Treasury experts, however, declared today that the surplus depends entirely upon the appropriations made by congress prior to March 4 and such funds as may be authorized for expenditure by the special session.

Receipts will be maintained at least in the same volume as during the last seven months, according to the experts. They declared that the increases in corporation business in 1928 practically will counterbalance the one and one-half per cent. Reduction in the corporation tax, and that the individual income taxes will be considerably greater in the year ending next June.

This means, experts said, that the tax collection in March, the first payment period of the year, will be about the same as the \$515,659,000 collected.

This year the government will collect considerably more income tax on a maximum 25 per cent rate and from 2,400,000 individuals than in 1924 on a maximum 58 per cent rate from 3,500,000 individuals. Ten thousand corporations this year will pay most of the corporation tax, representing considerably over half of the total income taxes.

Despite repeal of the automobile tax and elimination of a number of other sources of revenue, miscellaneous revenue collections probably will exceed \$600,000,000, slightly less than last year. The big gain has been made in cigarette taxes. The government gets three-tenths of a cent for every cigarette smoked in this country and the United States is nearing the 100,000,000,000 cigarette mark. Cigarettes will net the government about \$300,000,000.

Customs receipts are expected to amount to about \$565,000,000, approximately the same as last year. Miscellaneous receipts will be materially less because of the fact that the railroads have paid back virtually all of their war time borrowings. Up to Jan. 20 there was a reduction of \$82,000,000 in railroad repayments, accounting for most of the cut in receipts.

First Wife, Back After 30 Years, Finds Mate Wed

NEW YORK, Jan. 23.—The span of years found Louis Engel now grizzled and on in life settled in comfortable home at 1821 53rd street with a devoted wife and a collection of grown children and son-in-law gathered around him.

Then fate overtook him in the person of his first wife from whom he had separated so many years ago that he barely remembered her.

But she faced him the other day in equity term of the supreme court where she told Justice MacCraty that she must have a divorce because he had been living for years with "an unknown woman."

The first wife Mrs. Feiga Engel, who came from Radom, Poland two years ago, said that she and Louis were married in 1896 and that they have a daughter who is married and has children of her own.

Chester Soler counsel for Engel had put in an answer saying that in 1897 under the French laws Louis had obtained a divorce. Then a search was made for records or evidence to prove it. But 30 years seemed to have obliterated all traces of the decree that Engel claimed to have received.

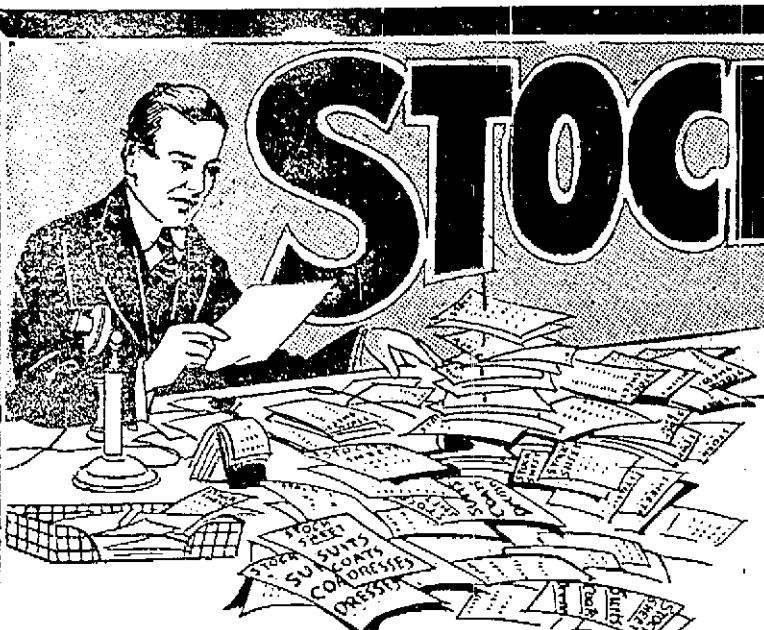

Under the circumstances Soler withdrew the answer and allowed the first Mrs. Engel to get divorce by default.

Justice MacCraty granted an interlocutory decree and when that is made final Louis Engel and the little woman he has called "mother" for the last 28 years or more will get married over again.

Ohio Motorists May Be Licensed

Ohio motorists will be licensed to drive under a bill to be proposed in the Ohio State Legislature. The proposed driver's license law fixes an annual fee of 50 cents, the license to be renewed each year, and the matter of examination is left to the discretion of the registrar of motor vehicles. No age limit is specified in the bill, this phase being left to the various municipalities by local ordinance and rural district authorities. Ohioans at present are not required to carry driver's licenses.

**Police Kept On Run Last Night**  
The fall of snow late Tuesday afternoon on the streets of the city caused the boys and girls to bring out the almost forgotten sleds, there, having

been comparatively little snow so far this year for their use in coasting. The result of the widespread effort to make the most of the coasting weather conditions was that the police were receiving calls from every section of the city asking that the sled riding be stopped. The police made a strenuous effort to do so, but without too much success. Fortunately as far as can be determined there were no serious accidents or any one hurt in the various places where coasting was indulged in.

# ACADEMIC COURSE LEADS IN NUMBER OF GRADUATES

Names Of 105 Seniors Who Will Get Diplomas Next Friday Are Given

## JANUARY CLASSES ARE GROWING LARGER

Of the 105 seniors who will be graduated at the fifty first commencement exercises of the New Castle Senior High School Friday night, over half will receive diplomas certifying their successful completion of the four-year academic course. This is the first time for a number of years that this course has led all others, the general course most always having the greatest number.

The list of graduates, however, shows that the general course, while failing to claim the largest number of graduates this year, has secured for itself second honors, 29 of the seniors being enrolled in it. The commercial is third with nine and the technical course with eight.

The number of seniors receiving their diplomas this January is evidence enough to believe that the mid-year graduations are steadily increasing. At the first January graduation last year only 53 were in the class. Next year's class will be even larger, and the classes will grow until both the June and January classes will have about the same number to be graduated.

E. Donald McGoun, valedictorian of this class, was enrolled in the technical course while the salutatorian, Miss Edna Mae Shaffer, and Miss Martha Muse, the winner of the English award offered by the Business and Professional Women's club of New Castle, are graduating from the academic section.

Plans Progress For Consistory Dinner

W. O. Williams, chairman, and the entertainment committee of the Consistory Dinner club are working strenuously on the program to be rendered at the dinner Friday evening. It is reported that the entertainment will be of a most unique kind and versatile. A big attendance is anticipated.

Too bad that the cold wave flag, too, can't be lowered every evening at sundown.—The Omaha, Neb., Evening World-Herald.

PULASKI

Mr. and Mrs. Charles Wallace entertained at a very attractive dinner at their home at noon on Sunday. Covers were arranged for 12. Those present were Mr. and Mrs. David Rowe and children Mildred, Howard, Jimmie and Billie of Bethel, Miss Evelyn Wallace of the New Wilmington road, Ray Hoskins and Russell and James Wallace.

The home of Mr. and Mrs. William Wherry was the scene of a very jolly gathering when her son George entertained the members of Mrs. Dewey Funk's class and Mrs. Walter Mitchell's class of the Methodist Sunday school at a party one evening recently. The evening was very enjoyably spent by the boys and girls in games and victrola music. A very delicious oyster supper was served by the host's mother, Mrs. Wherry, and Miss Eleanor Fulton. Others present were Miss Irene Sheira of New Wilmington, Misses Dorothy Meek, Mildred Barris, Rosalie Grell, Earl Campbell, Evelyn Wallace, Glendora McClintock, Evelyn Grell, Helen and Mary Miller and Floyd Myers, Roy Miller, Adam Grell, Kenneth Myers, Johnnie Clark, John Hull, Wayne Reese, Clarence McClintock, Hugh Wherry, Clair McCue, Jimmie Fulton.

A very pleasant family gathering was enjoyed at the home of Mr. and Mrs. E. Reese one evening recently. A fine oyster supper was served and the evening was spent in a very delightful way with games, radio and piano music. Those present were Mr. and Mrs. Charles Funk, Mr. and Mrs. Harry Funk of New Wilmington, Mr. and Mrs. Wilson and children June, Jimmie and Donald of New Castle, Mr. and Mrs. Lyle Lewis and Mr. and Mrs. John Funk of Youngstown, Mr. and Mrs. Roy Bilger and daughters Martha Louise and Audrey, Mr. and Mrs. Dewey Funk and sons Bobby and Jack and Billie and Wayne Reese. Prayer meeting will be held in the Methodist church on Wednesday evening, after which an Epworth league will be organized, followed by their practice.

Mr. and Mrs. LeMoine Boyd and little daughter Jean and Marshall Scott of Niles were recent guests of Mrs. W. P. Scott.

Mrs. W. J. McCallister, who has been spending a couple of months with her parents here, Mr. and Mrs. J. B. Crawford, on account of their being ill, spent Sunday at her home in New Castle.

Mrs. John Cover, Miss Alberta Cover and Chester Cover of the New Castle road spent Sunday as the guests of Mr. and Mrs. A. W. Graham.

Mrs. Roy Bilger and mother, Mrs. Charles Funk, spent Tuesday in New Castle.

Mr. and Mrs. Floyd Currie, who are spending the winter in New Castle, spent Sunday at their home.

Mr. and Mrs. A. W. Graham have received word from the latter's sister and husband, Mr. and Mrs. James McCormick and son Harold, who left Youngstown a couple of weeks ago by automobile to spend the winter in Florida, that they had arrived at Zephyr Hills, Fla., and were having a fine trip.

Mrs. Dewey Funk and sons Bobby and Jack spent Monday as guests of Mr. and Mrs. Charles Funk.

## DRINK WATER IF KIDNEYS BOTHER

Take a Tablespoonful of Salts If Back Pains or Bladder Is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

## PULASKI

Mr. and Mrs. Charles Wallace entertained at a very attractive dinner at their home at noon on Sunday. Covers were arranged for 12. Those present were Mr. and Mrs. David Rowe and children Mildred, Howard, Jimmie and Billie of Bethel, Miss Evelyn Wallace of the New Wilmington road, Ray Hoskins and Russell and James Wallace.

The home of Mr. and Mrs. William Wherry was the scene of a very jolly gathering when her son George entertained the members of Mrs. Dewey Funk's class and Mrs. Walter Mitchell's class of the Methodist Sunday school at a party one evening recently. The evening was very enjoyably spent by the boys and girls in games and victrola music. A very delicious oyster supper was served by the host's mother, Mrs. Wherry, and Miss Eleanor Fulton. Others present were Miss Irene Sheira of New Wilmington, Misses Dorothy Meek, Mildred Barris, Rosalie Grell, Earl Campbell, Evelyn Wallace, Glendora McClintock, Evelyn Grell, Helen and Mary Miller and Floyd Myers, Roy Miller, Adam Grell, Kenneth Myers, Johnnie Clark, John Hull, Wayne Reese, Clarence McClintock, Hugh Wherry, Clair McCue, Jimmie Fulton.

A very pleasant family gathering was enjoyed at the home of Mr. and Mrs. E. Reese one evening recently. A fine oyster supper was served and the evening was spent in a very delightful way with games, radio and piano music. Those present were Mr. and Mrs. Charles Funk, Mr. and Mrs. Harry Funk of New Wilmington, Mr. and Mrs. Wilson and children June, Jimmie and Donald of New Castle, Mr. and Mrs. Lyle Lewis and Mr. and Mrs. John Funk of Youngstown, Mr. and Mrs. Roy Bilger and daughters Martha Louise and Audrey, Mr. and Mrs. Dewey Funk and sons Bobby and Jack and Billie and Wayne Reese. Prayer meeting will be held in the Methodist church on Wednesday evening, after which an Epworth league will be organized, followed by their practice.

Mr. and Mrs. LeMoine Boyd and little daughter Jean and Marshall Scott of Niles were recent guests of Mrs. W. P. Scott.

Mrs. W. J. McCallister, who has been spending a couple of months with her parents here, Mr. and Mrs. J. B. Crawford, on account of their being ill, spent Sunday at her home in New Castle.

Mrs. John Cover, Miss Alberta Cover and Chester Cover of the New Castle road spent Sunday as the guests of Mr. and Mrs. A. W. Graham.

Mrs. Roy Bilger and mother, Mrs. Charles Funk, spent Tuesday in New Castle.

## Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.

This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal-expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.

The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture.

A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.

The brake construction on the front wheels also is unusual. Here the brakes are enclosed without the use of a leather boot or sliding joint to protect the linkage between the brake rods and the mechanism on the brake plate.

A further improvement is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through this construction, the entire surface of the shoe is brought in contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent.

Another feature of the Ford brakes is the ease of adjustment.

The four-wheel brakes are adjusted by turning a regulating screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."

The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

FORD MOTOR COMPANY

## Wait Your Turn, Is Eynon's Suggestion

Do Not Ride In Line Of Traffic, He Warns Winter Motorists

HARRISBURG, Jan. 23.—Motorists who persist in "riding a line of stalled traffic," especially on slippery or icy pavements, will be prosecuted for reckless driving, Benjamin G. Eynon, registrar of motor vehicles, Pennsylvania Department of Highways announced today.

"A number of crashes, during stormy and icy weather, were found to be due to the practice of heedless motorists, who, upon approaching stalled lines of traffic, held up either by an accident blocking the highway or by necessity of moving slowly upon icy pavements, rode the line of traffic only to find themselves blocked. When these heedless motorists suddenly put on the brakes with resultant slides and crashes into cars stalled in traffic or parked close to the sidewalk. Where investigations prove that crashes were due to motorists "riding the line of stalled traffic," the offending motorists will be prosecuted for reckless driving. Motorists, convicted of reckless driving not only face fine and imprisonment but revocation of their licenses," Registrar Eynon said.

## Add Attractions To Game Exhibit

Bear, Deer, Foxes, Porcupines And Raccoons Are Now Being Shown

HARRISBURG, Jan. 23.—Visitors to the Farm Products Show this week will find, in the language of the circus, "new and added attractions" in the wild life exhibit which the Board of Game Commissioners annually supplies.

There will be bear and deer, porcupines and raccoons, squirrels and foxes, and all the other animals which now people the woods of the state. One special exhibit is entirely for the purpose of acquainting visitors with a menace to wild life. Foxes and catamounts are recognized easily, and may be trapped. Few people know a marsh hawk or a goshawk when they see it. The commission is anxious that people learn to know both and kill them whenever possible, as both are dangerous enemies to wild life. The exhibit will be in charge of trapping instructors, who will explain the life habits of the birds and animals.

## School Library Is Attractive

According to Miss Susanna Young, senior high school librarian she is now arranging to place a new order of books for the school library.

The librarian stated that she expects to receive the order sometime in February. Many of the old students who paid a visit to the library complimented the high school for having made such a great improvement in the library since they had left school.

They were very glad to see that a new room had been built to keep magazines, the neatness, and the many new books the senior high school library now possesses.

## MINER DIES FROM FIGHT AT PARTY

ALTOONA, Pa., Jan. 23.—Struck by a blow on the back of the head and hurled from a porch while engaged in a fracas at Coalport, Joseph Baroucha, aged 36, a coal miner at Coalport, died at the Altoona hospital suffering from injuries received in the fight. When admitted to the hospital Baroucha told of a party that had gathered at the home for drinking purposes. A fight followed in which he received his fatal injuries. State police have rounded up the participants in the fight.

## MAYOR GIVES BAIL FOR COURT TRIAL

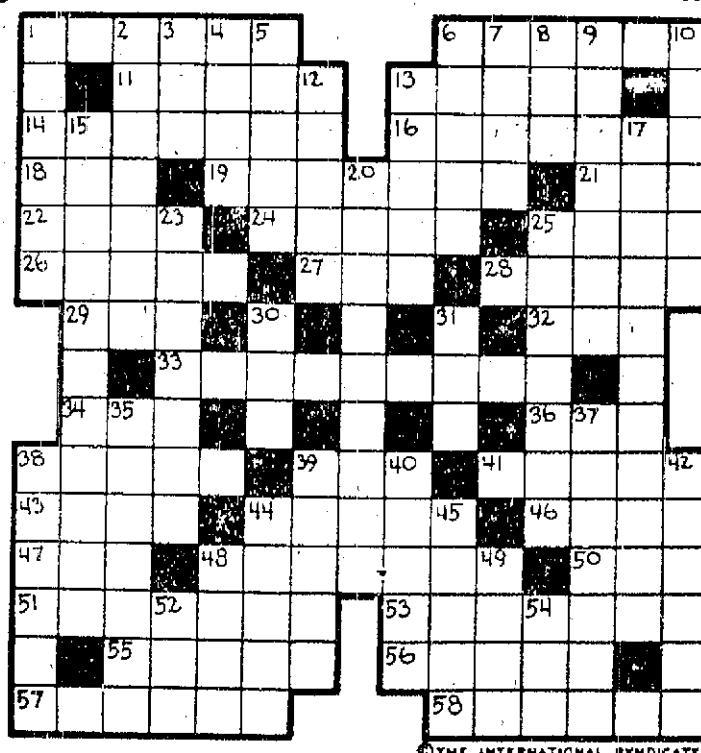

JOHNSTOWN, Pa., Jan. 23.—Waiving a preliminary hearing Mayor Joseph Cuffel, charged with extortion, perjury and conspiracy, has posted \$5,000 bail for his appearance at the March term of criminal court at Ebensburg. The mayor gave bail before a local magistrate.

## Corns Stop Hurting Instantly then Lift Right Off!

Drop "Freezone" on that aching corn. Instantly it stops hurting; then shortly you lift the corn right off with your fingers. You'll laugh, really! It is so easy and doesn't hurt one bit! Works like a charm, every time. A tiny bottle of "Freezone" costs only a few cents at any drug store, and is sufficient to remove every hard corn, soft corn, and callouses. Try it!

## THE MAN IN THE MOON.

All was quiet in the valley now. Each Turkey had tucked his head under his wing and was dreaming of the things that he liked best.

Peter heard Glibber mutter in his sleep something that sounded very much like "Seed corn, yellow corn, nice fresh corn and plenty of it."

The boy giggled softly lest he disturb his friend, Turkey, like all the rest of the birds he had known, thought that his own "ummy" was the most important thing in the world. He couldn't forget it even in a dreamland.

Peter cuddled comfortably among Glibber's soft feathers, watched the Man in the Moon riding slowly along the Road of Stars.

"Lazy Mr. Moon" murmured the boy drowsily, "No sooner you keep snoring with nothing to do but sail through the clouds! But don't you get lonely with no one to talk to?"

"Where is the Moon Lady tonight and what has happened to the other half of your golden car? Only a few evenings ago it was big and round, and now it looks for all the world like half a cheese."

"Why Mr. Moon do you always ride at night? Everybody is fast asleep now or will be and you would see lots more in the daytime."

"Do you love the darkness because it makes you so bright that every one just has to look at you or are you afraid that if you traveled in the light one of these fine days you might bump into the Sun and be knocked out of the sky? But you couldn't, you know for you and Sun are both going the same way and Sun bowls along fast that you could never catch up to him."

"How I wish I could get up there to talk to you Moon! There are lots and lots of things I want to ask. You must be very, very wise Mr. Man in the Moon!"

Lower and lower dropped the boy's head, his drowsy voice trailed into silence. The Sandman only needed to throw a few more grains into his eyes and Peter would have been sound asleep.

Suddenly while he was staring at it through half-closed eyelids the light of the Moon went out. The boy straightened his nodding head with a jerk and wide open flew his eyes.

Mr. Man in the Moon was laughing at him and the golden car glided smoothly on just as brightly shining as before. There wasn't a cloud in the sky. What had happened?

The boy was puzzled. He hadn't been asleep so certainly he hadn't been dreaming and yet he was just as sure for a moment something had hidden the Moon from his sight as he was that he was sitting on Glibber's back. It was queer! Could there be anything wrong?

## Influenza Shows Continued Decline

General Situation Continues To Improve, Says State Bureau

HARRISBURG, Jan. 23.—Compilation of the latest advices relative to the influenza situation show that a further diminution of the influenza epidemic continues, the bureau of communicable diseases said today. "While isolated communities within the Commonwealth will probably be affected for some weeks to come, it is entirely logical to suppose that the general situation will continue to improve satisfactorily," the report said.

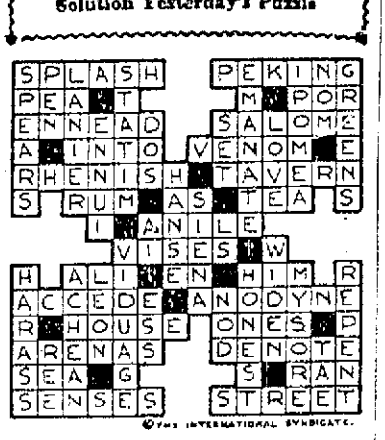

## MAN STRUCK BY AUTO DIES OF INJURIES

BEAVER FALLS, Pa., Jan. 23.—Matt Kovich, 42, 104 Maker street, Aliquippa, died in the Providence hospital last night from injuries received when run down by an automobile last Tuesday morning at Aliquippa by William E. Merriman, Monaca Heights.

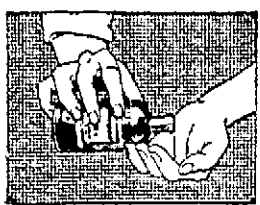

Merriman reported to police that he was en route home and that Kovich, walking along the highway, apparently stepped directly in front of his machine. Coroner H. C. McCarter will conduct an investigation.

# EAGERLY BOUGHT.. because of its greater value

The motoring public has found something in the new De Soto Six that sets it completely apart from others in its field.

It is not surprising that a car so beautiful, so comfortable, so powerful and responsive, and so safe and easy to drive should find a ready market.

But it is significant that even such a car should set a new sales record for the industry during the first five months of its existence.

The answer must lie in a widespread public conviction that the genius and resources of Chrysler confer upon De Soto a standard of value that is unmatched by any car of comparable price.

## Present Minstrel At Ben Franklin

Approximately 1,500 people attended the well presented minstrel show entitled "The Homopole Minstrel" which was presented by 100 students of the Ben Franklin Junior High school on Tuesday evening at 8.

The stage was set in a modernistic style. Beautiful colored flowers formed the background scenery which made a remarkable appearance. The costumes were well planned and the colors of these costumes harmonized with the scenery.

The music furnished for the affair was very pleasing for which credit is due Miss Erena Coulter who was in charge of the chorus and the orchestra. Miss Nana Jenkins was in charge of the solos which were excellent. Miss Maude Young and Miss Ruth Leyda had general management of the show and are deserving of credit for making the show a success.

The eight end men performed splendidly and had the audience laughing to their hearts' content with the jokes and motions. Amil Lelienko, leading end man, played his role in neat fashion by performing some acrobatic stunts, dances, singing and jokes. He has the goods for an actor and looks like a comer on the stage.

The entire 100 students presented their parts in a remarkably pleasing fashion. This same show will be repeated again at 8 this evening.

Those participating in the show and their parts are as follows:

Opening chorus, Homopole.  
Homopole Boys—Sam Dennis, Augustine Restivo, Elmer Fry, Homer Leslie.

Tap Dance—Evelyn Raney, Ruth Phillips, Madalyn Nicholson, Dorothy Huber.

Interlocutor—Vance Glen.  
End Men—Amil Lelienko, George Hawk, Mac Leslie, Warren Dwyer, Allison Pitch, Julian Turk, John Bell, Walter Marco.

Solo Dancers—Evelyn Raney, Madalyn Nicholson, Dorothy Huber.  
Novelty.  
Song—Emily Lou Smith.  
Get Out and Get Under the Moon.  
Soloist—Rose Secco.  
Dancers—Evelyn Raney, Ruth Phillips, Madalyn Nicholson, Dorothy Huber.

Mud Pie Days.  
Duet—Evelyn Van Buren, Dorothy Buxton.

## Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

When the street is running nearly curb high with slush and water, there is much to be said for the motorist who splashes pedestrians. But even with the streets in the shape they were last night the splashing can be avoided through the exercise of a little ordinary care.

Especially is this true at the street car stop on South Mill street at the corner of the alley just south of Washington street. Passengers congregate on the sidewalk there, and when the car arrives, the motorist must go between the car and the waiting passengers.

Anything over six miles an hour is going to shoot the water up onto the sidewalk and the spray is increased in direct proportion to the speed. What the passengers say is nobody's business, but drivers could aid a heap on wet days by going through the opening at a reduced speed.

The western end of the state seems to be getting all the winter this year. Harrisburg as yet doesn't know that it is supposed to be wintry like, and these storms that have swept the western end of the state seem to have been detoured or stopped about Altoona.

Saw a distressing sight Tuesday evening at a little place called Hillside, just east of Greensburg. A truck apparently got stalled on the track, or else attempted to beat the train on which I was riding. Two engines, 14 cars, and traveling at a rate of about 65 miles per hour. Some of us went back to the wreck and what had been a small truck looked like a match box that had been crushed in your hand. The driver never knew what hit him.

The capital is crowded this week with visitors to the farm show and Lawrence county has a number of folks down there. Harry Fullerton and his wife have been in for several days and a crowd came in Tuesday morning. It's a great party for Doctor Jordan, the secretary of agriculture, for the farm show is scattered all over the city.

The budget which the governor has presented the general assembly carries an appropriation for the new Farm Products building and when this is completed all the exhibits will be housed under one roof.

## VIGOROUS BODIES NEED VEGETABLES

Sugar Works Wonders in Flavoring Them

"What do these canned tomatoes need to make them taste better?" Sugar added to the tomatoes while they are being heated will work wonders in making them enjoyable. Sometimes as much sugar as two tablespoonsful to a quart is needed.

"What's wrong with these peas?" They taste flat? Add a teaspoonful of sugar to a can of peas while you are warming them and notice the difference.

"What's the matter with these carrots?" They don't taste like carrots? Add a teaspoonful of sugar to the carrots while they are cooking and notice the difference. "This carrot is almost tasteless."

Add a teaspoonful of sugar to a can of stewed corn when warming it and notice the improvement. Everyone improves the flavor of canned corn by adding butter, salt and pepper. Up to a teaspoonful of sugar per can will give an even greater improvement.

Add a dash of sugar to the cooking of string beans.

It isn't strange that sugar improves all these vegetables. Nature developed sweetness as the perfect flavor and the result is the proper amount of sugar changes flat, unpalatable foods into dishes that can be enjoyed.

One famous cook puts it this way: "Fine flavors reveal only sugar." A bit of sweet makes the meal complete. The Sugar Institute.

## Sin Is Discussed By Rev. W. W. Ayer At First Baptist

Minister Shows How Sin Deadens The Conscience To Its Own Reality

In spite of the icy weather, a good-sized audience heard W. W. Ayer of Gary, Ind., speak last night at the First Baptist church on the subject, "Sin and the Conscience." The speaker showed the devastating power of sin, using many forceful illustrations. "There are thousands like David in this day," asserted the speaker. "David conquered all his enemies, but never conquered himself," said the preacher.

Mr. Ayer then showed that sin is primarily against God and is the great crime of life. He called the attention to the fact that the word "sin" is being dropped from the modern vocabulary. "It now is given such attractive labels as: 'An inferiority complex,' 'physiological deficiency,' 'remnant of animal nature,'" declared the speaker. "But God," continued the preacher, "considers sin as leprosy, anarchy and insanity." He further maintained that since sin is against God he will most surely punish it. Mr. Ayer then showed how sin deadens the conscience to its own reality. He closed by proving that God can and will forgive confessed sin, because Jesus Christ bore our sins in his own body on the cross.

Tonight Mr. Ayer will speak on the subject, "The Conversion of a Church Member," and tomorrow night on "Worldliness and Other Worldliness." Friday night will be young people's night, at which time he will speak on the subject, "Christ, Youth and Our Jazz Age." The song service will begin at 7:45 instead of eight, as previously announced. Song services are an attractive feature of all meetings at the First Baptist church. The special number last night was rendered by Miss Margaret Williams, who sang "Love Lifted Me" in a most pleasing manner.

## Motorists Have Hard Time Of It

Between Snow, Rain And Ice, They Find The Going Difficult

Many a motorist of this city found the trail backward extremely difficult at 6 o'clock last night and either had to stop and put his chains on, if he had them along, park his car and go home in other than his own machine or use some extraordinary means of getting home in his own machine.

This was due to the sudden and rather unexpected heavy fall of snow late in the afternoon. It not only interfered with the motorists but also with the street car lines, until the big sweeper got busy and kept the street car tracks free from snow.

The snow in itself was slippery enough, but when the snow turned to rain later in the evening, it created a condition in the streets that made it very risky for motorists and all others. Then it made the streets so sloppy as a result of the snowfall and rain that it was almost impossible to cross a street or board a street car without getting the feet wet.

This morning as a result of the freezing conditions that followed the other conditions, the ice was causing not only motorists trouble but also the pedestrians, as many of the sidewalks were but a sheet of ice. Fortunately, no serious accidents were reported as a result of these conditions.

## Valley Team Noses Out Ellwood High Tuesday

New Brighton Lads Win Victory Over Ellwood High With Score Of 23-21

Lee's Men Miss By Close Margin Opportunity To Increase Standing In W. P. I. A. L.

ELLWOOD CITY, Jan. 23.—Ellwood City High's blue and white quintet traveled to New Brighton Tuesday night to lose by the close score of 23-21. The valley quint kept its slate clean by nosing out the Tubers, and Lee's men lost a golden opportunity to increase their standing in Section III of the W. P. I. A. L.

New Brighton flashed a formidable quint and a first class passing which enabled them to top the blue and white. The valley lads kept dropping the leather through the ring at every opportunity.

Lee's quint lacked the ability to toss the oval in from the foul line. According to the score the valley team sank nine baskets while the Tubers collected eight, but the foul counts decided the winner for three after time the locals lost the chance to even up the score via the foul route.

King lost five opportunities at the foul line. On the other hand Hurley sank four out of four via this method. A majority from the line gave the league leaders a well earned victory. At the half the winners held a slight lead of two points as the period ended, 14-12. The contest was extremely exciting as the score slid back and forth keeping fans on edge. Justine and King led the scoring for the locals. The former caged two pointers while King shot four. Ursu collected one, as did Dunn.

## Prof. V. V. Johnson Talks On Science

ELLWOOD CITY, Jan. 23.—At the regular monthly meeting of the Parent-Teachers association which took place Tuesday evening in the Lincoln building, Prof. V. V. Johnson gave one of his interesting scientific talks. Prof. Johnson does not talk over the heads of those untrained along his line, and his talks are always beneficial. Last night he spoke on "The Relation of Present Day Science to Everyday Life".

A short business meeting took place at which time the association accepted the resignation of D. J. Jones, as vice president and elected Rev. John King to fill the vacancy.

Additional features on the program were: a piano solo by Robert Morrison; saxophone solo by Frank Humphrey, accompanied at the piano by Miss Josephine Humphrey.

Patsey Brocardi put on a splendid musical program of singing and orchestra music.

## Elks And Guests Enjoy Card Party

ELLWOOD CITY, Jan. 23.—Ten tables of bridge and eight of 500 were in play at the Elks club Tuesday evening. This was one of the winter series of parties sponsored by the club. At the conclusion of several interesting games, bridge score winners were: Mrs. L. E. Hoover, Mrs. H. J. Myers, M. E. Garwig and W. J. Strouse. 500 score winners were: Mrs. P. N. Grannis, Mrs. George Fournight, T. V. Barnes, and P. N. Grannis.

The evening closed with a social hour, dancing and lunch. Those in charge were: T. C. McDonald, F. H. Swanson, E. King and William McCarty.

## Planning Commission Head Approves Garden Club Plan

Commendation continues to reach The News concerning the project of the Lawrence County Garden Club in their "Road of Remembrance" project, as recently announced.

Matthew Guntton, chairman of the city planning commission, acting for that organization, adds his enthusiastic endorsement of the project in the following:

January 22, 1929.  
Editor "The News",  
New Castle, Pa.  
Dear Sir:

The recently announced plan of the Garden Club of Lawrence County to inaugurate a program of tree planting along Wilmington highway will, I am sure, receive the hearty commendation of all the people of this community.

It is a fine thing for one generation to be planning and carrying on work designed largely for the enjoyment and benefit of future generations. It is only by reason of the fact that some of our ancestors were imbued with this spirit that there are so many things in this world for us to enjoy today.

In addition to being a finely conceived project, the proposed "Road of Remembrance" should serve as an example to every individual and organization in this city. Let everyone ask the question, "Is there not something I can do that will add to the happiness and well-being of my fellow man?"

It is a cultivation of the spirit shown by the members of the Garden Club of Lawrence County which builds up communities and makes things worth while.

MATTHEW GUNTTON,  
Chairman City Planning Commission

COMPLICATION IS QUICKLY ENDED BY NEW KONJOLA

Victim Of Terrible Suffering Had Almost Abandoned Hope Of Ever Finding Relief.

Any one who may be skeptical, doubtful about the merits of Konjola, the new medicine, can be readily convinced of the powers of this master-medicine by reading the words of Mrs. Clara Grove, R. F. D. No. 1, Geneva, Tenn., who made the following statement:

"For years I suffered from constipation, stomach and kidney troubles, sleeplessness and neuritis. I can not remember how many doctors failed to relieve me; how many medicines and treatments were without results. Gas and bloating followed every meal. Neuritis pains were intense. My kidneys bothered me considerably.

"When Konjola was recommended to me I decided to give it a trial. With the sixth bottle, the full treatment, came complete restoration of health. My illness of years was ended. Today I can eat what I like; haven't an ache or pain, and I sleep all night through. It is a joy to

give this endorsement; nothing I could do or say could ever repay the debt I owe to Konjola.

Konjola is sold in New Castle, Pa., at the Lave & McGowan drug store and at all the best druggists in all towns throughout this entire all night through. It is a joy to

British Freighter And Crew  
Of 35 Given Up As Lost

TWO OTHER SHIPS  
CALLING FOR HELP

**International News Service**  
NEW YORK, Jan. 23.—Three rescue ships were battling the hurricane-whipped waves of the Atlantic early today in a desperate attempt to reach the American tanker Dannelake and the Italian freighter Florida, struggling to keep afloat some 700 miles off the Virginia Capes. Each of the stricken vessels carries a crew of about thirty men.

Both of the imperiled ships were still afloat at three o'clock this morning, according to a brief radio message intercepted by the Radio Marine Corporation here. The message was sent by the United States liner America, one of the vessels taking part in the latest drama of the sea.

**Give Ship Up For Lost**  
Thirty-five men aboard the British freighter Teesbridge, which reported in an S. O. S. on Sunday night that she was in distress with hatches gone and stowage flooded, off Cape Race, Newfoundland, have been given up for lost. The Belgian steamship Calcasieu and the Maine of the Atlantic Transport Line wireless last night that they had abandoned their search for the freighter after having found no trace of her at the position given.

The three ships steaming to the rescue of the Dannelake and the Florida are the Dollar liner President Harrison, the United States liner America and the freighter York of the North German Lloyd line. It is estimated that by dawn this morning the America and the President Harrison should have reached the fifty-mile square where the two ships are waiting. The York was expected to arrive before noon.

At noon yesterday, when the S. O. S. calls came in almost simultaneously from the Florida and the Dannelake, the President Harrison was thought to be only 150 miles away. It was believed, however, that the heavy seas would prevent the rescue ships from making a speed of more than eight or nine knots an hour.

STORY OF SUCCESS  
IN STORM BATTLE**

(Continued From Page One)  
coming Italian cargo boat Florida, fighting the mountainous seas with a crew of thirty aboard.

But nothing further was heard of the British freighter Teesbridge and its crew of thirty which is believed to have gone down 300 miles due east of Cape Race.

For hours wireless operators along the coast had listened for news from the spots 700 and 800 miles east of the Virginia Capes, where the Dannelake and Florida had been fighting the storm-tossed seas.

Then, suddenly the long silence was broken with the news that the Dannelake which had been tossed about all night in the sea with a disabled rudder, was proceeding toward Bermuda guided by a make-shift steering apparatus. The information came in the following message from Captain J. D. Guthrie of the liner President Harrison which had rushed to the rescue:

"Dannelake proceeding Bermuda. Have not been able locate Florida. S. S. York (a German freighter which also responded to the S. O. S. signals) and President Harrison have been in vicinity last position all night."

## Seek Missing Man In Cleveland, Today

Captain W. E. Gastinger of the E. & A. Division police of the Pennsylvania railroad, is in Cleveland today for the purpose of seeing the body of a man in the morgue of that city, who was killed by an automobile at 49th and St. Clair streets, that city. From the description furnished, it looked as though this might be the body of Stanley Rezesnick of Union township, missing crossing watchman of the Pennsylvania railroad.

The information concerning the body of this man was received last night from Squire James Glover of Wampum, who stated that a Polish woman had come to him, telling of an item in a Polish paper, telling of this dead man and giving his description.

The descriptions tally to a considerable extent, that of the Cleveland dead man being as follows: Man of Polish nationality, between 40 and 50 years of age, weight between 150 and 160 pounds; blue overalls plain checkered shirt.

## Influenza Deaths Display Increase

**International News Service**  
WASHINGTON, Jan. 23.—Influenza deaths showed a considerable increase in the week ending January 19, while fatalities from pneumonia declined, the census bureau announced today.

Reports from 69 large cities showed 1,935 influenza deaths, compared to 1,318 deaths the preceding week. Pneumonia deaths in 68 cities numbered 2,274, as compared to 2,463.

New York city reported 565 pneumonia deaths, an increase of 128, and 154 influenza deaths, a gain of 27. Other influenza deaths included: Philadelphia, 55, compared to 72; and Pittsburgh 51 to 58.

## Abandon Automobiles For Electric Cars

Street car operations in New Castle were not interrupted during the storm last night or by the ice which followed in its wake.

C. C. Coulthard, local division superintendent had the "trouble car" on duty and as a result transportation was not crippled.

Coulthard stated that this morning there was a big rush for street cars on account of dangerous auto conditions.

## A Message to Underweight Men and Women

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Tablets.

Take them for a few weeks and the hollows in your cheeks, your neck and chest should soon fill out and whether you be man or woman you may have an attractive figure and plenty of "get there" energy in just a short time.

Many times the increase in weight is astonishing—one exceedingly thin woman gained 10 pounds in 22 days. McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 six cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your money will be returned.

Just ask for McCoy's Tablets at Eckerd's of New Castle, Inc., McKee's Koi Rate Store or any drug store in America.

## JEWELS

By Laird

Diamonds, rubies, pearls, sapphires, emeralds, all flashing and scintillating in a jewel box. How lovely and desirable they are. But the jewel of jewels in this dull old world is the beautiful young woman. In the world of fashion we hear much about costume jewelry. It is pretty, it sparkles and flashes, and might almost be taken for the real article, but it is cheap and tawdry. Its legitimate use is for trimming or complementing a costume, and when this use is past it may be thrown away.

Some women are like this costume jewelry. They flash and sparkle. They look pretty when used to decorate a smart runabout or a night club, but they are not genuine, they do not wear and they soon become worn and tarnished. But, unlike the imitation jewelry, they cannot be thrown away when they have served their part; they are human beings, too, and expect to be taken care of and cherished.

It is the wise man who knows the real gem of a girl from the spurious; who can distinguish between the one who is fashioned of materials as rare as real gold, silver and precious stones, and who will continue to charm when her first youthful bloom has fled, and the one whose allure is gone in a few short months or years.

## Rockefeller-Stewart Confident Of Result In Votes By Proxies

**International News Service**  
NEW YORK, Jan. 23.—Friends and associates of both John D. Rockefeller, Jr., and Colonel Robert W. Stewart today professed to be "well satisfied" with the progress of "the battle of the proxies" which is to settle whether Rockefeller will be successful in his fight to prevent the reelection of Stewart as a director and chairman of the Standard Oil Company of Indiana. The issue will come to a showdown at the annual meeting of the stockholders in Whiting, Ind., on March 7.

Rockefeller has so far received "less than 45 per cent" of the stock of the company. It was said today. A spokesman for Rockefeller and his committee said that proxies were coming in "at a satisfactory rate." These associates, who are acting for Rockefeller in his absence abroad, intimated that they expect to see 90 per cent of the 9,231,540 shares outstanding represented at the meeting in Whiting.

Mr. Rockefeller's spokesmen did not give any definite information as to the amount of stock represented by proxies already received. "They made it plain," however, that the fight against Stewart was not won.

Colonel Stewart's friends, meanwhile, expressed satisfaction with the response to the managements request for proxies. No estimates as to the amount pledged to Stewart could be obtained. It was reported in Wall Street, nevertheless, that his campaign for proxies was being intensified.

## HAWAIIANS SEND CANOE TO EMPEROR OF JAPAN

**International News Service**  
HONOLULU, Jan. 23.—Among the gifts being sent to Emperor Hirohito of Japan by his subjects in the Hawaiian islands is a large Hawaiian outrigger canoe, hallowed from a huge log of koa, or Hawaiian mahogany, from the island of Hawaii.

The canoe was made entirely by hand and is the work of native fishermen from the Kona or leeward section of the island.

## SLIGHT ACCIDENT

R. M. Garland, of 201 Edgewood avenue, reported Tuesday to the police that he was driving north on Mercer street at Falls street, when a car bearing Pennsylvania license 242-276 going west on Falls street cut the corner and did not observe the stop sign, hitting and damaging the Garland car. The driver of the car did not stop to determine the damage done.

## HIGH LIGHTS OF HISTORY

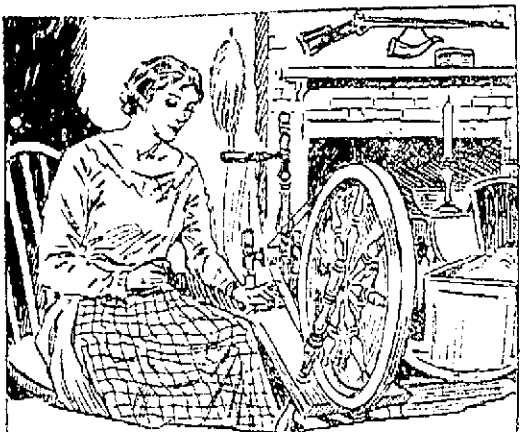

By J. Carroll Mansfield

The Story Of American Industry  
America In The "Homespun Age"—Part 3

IN AMERICAN COLONIAL DAYS THE CLOTHING WORN BY ALL BUT PERSONS OF WEALTH WAS MADE AT HOME. WOOL AND FLAX (AND COTTON IN THE SOUTHERN COLONIES), THE CHIEF MATERIALS OF WHICH GARMENTS WERE MADE, WERE PRODUCED RIGHT ON THE FARM, AND THE MAKING OF TEXTILES WAS AN ACCOMPLISHMENT EVERY COLONIAL GIRL WAS REQUIRED TO LEARN.

IN THE CASE OF FLAX (FROM WHICH LINEN IS MADE), THE OUTSIDE STALK WAS ALLOWED TO ROT IN A DAMP CELLAR BEFORE THE INSIDE FIBER WAS REMOVED. WOOL FIRST HAD TO BE WASHED WITH SOAP AND WATER. BOTH FLAX AND WOOL THEN HAD TO BE COMBED AND "CARDED" TO LAY THE TANGLED HAIRS OR FIBERS STRAIGHT.

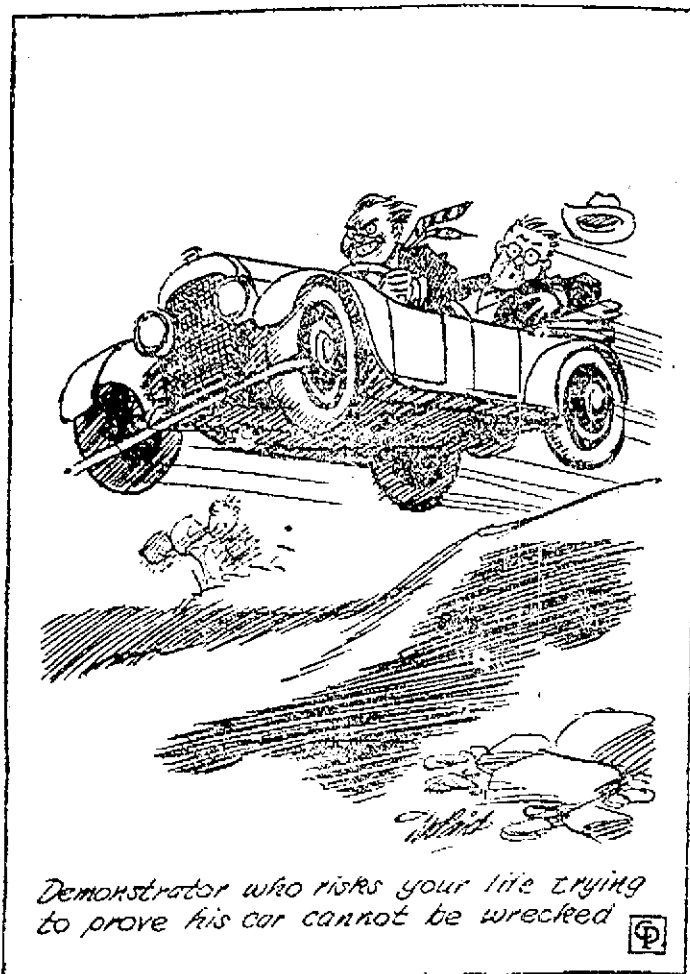

THE COMBED MATERIAL, WHETHER FLAX OR WOOL, THEN WENT TO THE SPINNING WHEEL (A WHEEL, OPERATED BY A TREADLE, AND MOUNTED ON A THREE-LEGGED FRAME), WHERE IT WAS SPUN INTO YARN AND REELED ON TO SPOOLS. THE YARN WAS NOW READY FOR WEAVING OR KNITTING.

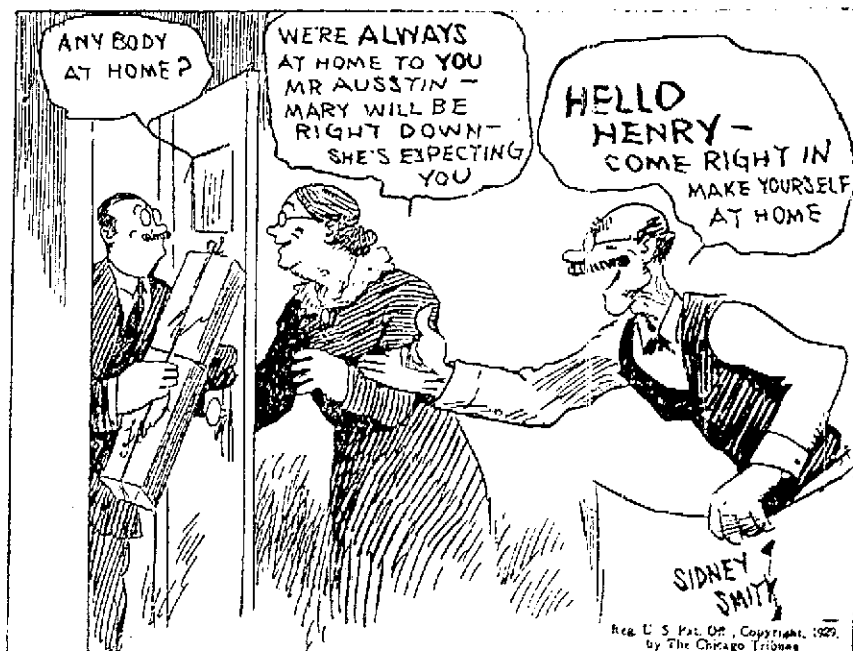

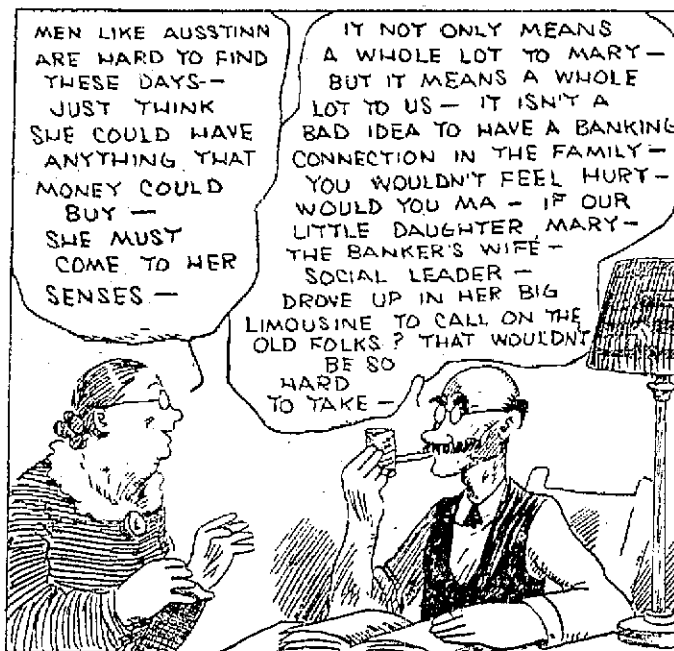

THE YARN WAS WOVEN INTO CLOTH ON THE GREAT LOOM WHICH WAS TO BE FOUND IN EVERY WELL-EQUIPPED COLONIAL HOME. KNITTING WAS DONE WITH BONE NEEDLES BY HAND, OR ON A KNITTING FRAME. FREQUENTLY THE YARN WAS DYED BEFORE IT WAS MADE INTO CLOTH.

# BUTLER HIGH DEFEATS NEW CASTLE 21-14

## Visitors Have Strong Quintet; Sillman Stars

New Castle High Floor Team No Match For Butler; Sillman-Johnson End Careers

KRANKOTA-HOLLOCK SHINE FOR BUTLER

By "BUGS" WALTHER. IT'S getting to be a habit now. New Castle High school basketball team turned the other cheek last night at Senior High gym and got knocked unconscious for a 21 to 14 setback at the hands of the strong Butler High quintet.

Coach Billy Bernhorst brought a fighting, clever, hard playing Butler High quintet to Pa. News's domain last night, and carried home a just verdict. After thirty-two minutes of basketball playing, the outcome of which was never in doubt, the invaders gathered up the "bacon" and departed.

Butler High led at the end of every quarter. New Castle didn't have the lead once. The locals were tied with Butler 2-2 early in the first period, but it was not long until Butler stepped on the gas and shot down the floor with lightning speed, to assume a big advantage. It was the sixth time this season that New Castle has been on the short end of the proceedings.

**Sillman Proves Star**  
Arthur Sillman, one of the finest young athletes to ever grace the High school football field and basketball court ended his scholastic career last night in a blaze of glory. It was a very good thing for New Castle that Mr. Sillman didn't graciously let it be noted that Arthur sank four baskets, and was tied with Krankota of Butler for high individual scoring. In addition to playing a whole of a game offensively Sillman gave conclusive proof of just why he is one of the finest schoolboy guards in Western Pennsylvania, by holding Hollock to a pair of baskets. Sillman will be graduated Friday night and New Castle High is going to miss him. Johnny Johnson will pass out of the picture Friday night and while "Johnny" tried hard last night to cage a few baskets in his last endeavor, he was guarded like a "leech" by Cross, and didn't break into the scoring column.

At the end of the first quarter Butler held a lead of 5-2. By a strange coincidence in the last half of the first half was the same in proportion. Butler again tallied five points and New Castle crashed through with two. The score at the end of the first half was 10 to 4. Sillman was the big gun for New Castle in the first half with a pair of buckets, while for Butler Krankota made two baskets, and Hollock and Cross had one apiece. In foul tossing New Castle missed seven straight, and Butler made two out of six tries. Had New Castle caged a few of their free throw tries, the result might have been different.

**New Castle Tries Hard**  
It was a determined New Castle High crew, that took up their positions at the start of the third quarter. Butler High with a lead of 10 to 4 looked to save a safe enough lead, judging by the manner in which New Castle was playing.

The Butler passers never let up and outscored the locals six to four in the third quarter to end the stanza 16 to 8. Ostrosky and Sillman caged fouls for New Castle to bring the score up to 10 to 6, and then Captain Tony Ostrosky sank a basket and New Castle

had hopes, but hope was soon blasted when Harper, Hollock and Krankota sank buckets for Butler that sent the score soaring again.

**Last Quarter Even**  
New Castle played the visitors even in the fourth and final quarter. Both teams tallied six points. Play was very exciting and the battle hard fought in the final effort of the evening. Krankota opened the period by caging one from under the basket. McIntosh relieved McAuley for New Castle, with Sillman going to forward in place of McAuley. Sillman by a nice piece of work dribbled down the court and sank a basket. Johnson annexed two fouls for New Castle as his farewell effort, and the score was 13 to 12. Wersh caged the sporadic for Butler making it 20 to 12. Vago relieved Alexander at center for New Castle, with three minutes of the game remaining.

Sillman near the end of the period closed his scholastic career by caging his fourth basket of the evening, a 20 to 14. Hollock annexed a foul for Butler just before the "gun" ended the game.

As said before if the New Castle team had of kept pace with Sillman last night, Butler would not have had a "look-in". Butler presented a smooth working outfit, and their playing cannot be underrated. Captain Ostrosky and Alexander played good basketball. Butler's New Castle Krankota, Hollock and Harper were the best bets for Butler.

The summary:  
New Castle 14. Butler 21.  
McAuley ..... F ..... Krankota  
Johnson ..... F ..... Hollock  
Alexander ..... C ..... Wersh  
Ostrosky ..... G ..... Harper  
Sillman ..... G ..... Cross  
Subs: New Castle, Weir, McIntosh, Hanson, Fago, Butler, none. Butler goals—Sillman 4, Ostrosky, Krankota 2, Hollock 2, Cross, Harper, Wersh. Fouls—New Castle 4 out of 14; Butler 3 out of 12. Referee—McGlinchey, Pittsburgh. Time of quarters, 3 minutes.

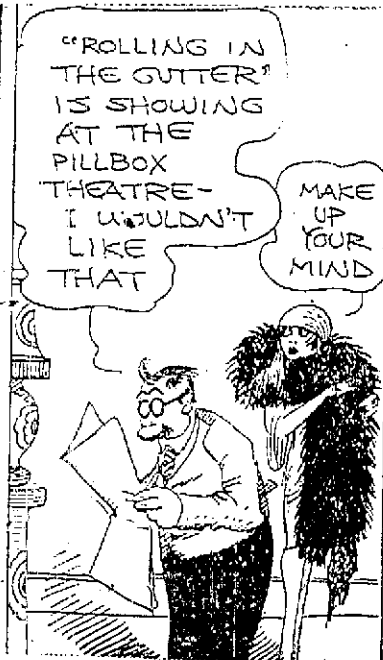

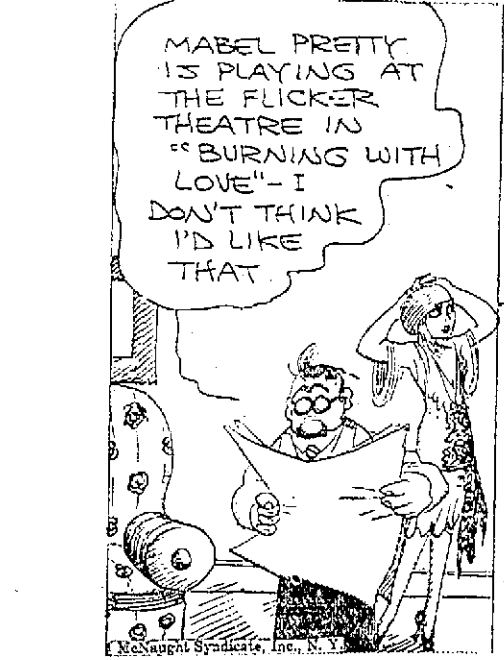

Coach LeRoy M. Norton of Ben Franklin Junior high school yesterday announced that the captain for the 1928-29 basketball team has been elected. Fred Fabian star football, baseball and basketball player is the newly elected captain of this season's basketball team.

Fabian is covering of the position given him as he has proven of great worth in football and baseball. The election of a captain at the local junior high is something new. Each season a captain was appointed by the coach of the team for each game.

Fabian was elected by his team mates by a large vote. The new captain will lead his team for the first time on Friday evening when the Franklin team meets the Mahoning team in a league game.

There can be no doubt about it, a certain amount of tone is added to any establishment when the office boy wears spats.—The Pittsburgh Post-Gazette.

## HE'S PARTICULAR WHERE HE SLEEPS

## ROY MINTER IS READY FOR BOUT

Elmo And Farrow Made Hit; Romeo, Babe And George Grind Away

Roy Minter, local bantamweight last night attached his signature to articles calling for him to battle Joe Stemple of Akron at the Jolly Bowl, Monday night. Should Roy win from Stemple who is said to be one of the best bantams in this section he will graduate pugilistically.

Roy's left ear, hurt in a past bout has recovered and he is training with Johnny Jennings, a southpaw, who will be seen in action in a future show.

Reports from Oil City declare Elmo Clark and Tom Farrow proved the "bit" of the show and Monday night Elmo will take on his nemesis, Nick Polis.

Romeo Pacelli is getting prime for Mickie Dugan and some fans believe Romeo will "turn him over." Babe Picato has buckled down to the hard grind for the fast Sammy Harris.

George Perotta was kept from going on the road today owing to ice-covered highways as it was feared he might turn an ankle and not be at his best for Floyd Hybert. Perotta looks like a Christmas doll and is confident of winning. "I think I will win from Hybert," said Perotta yesterday in speaking of the bout with friends.

## Chicago Cub To Be Married Monday

## Brothers May Box For Ring Title

Father Does Not Want Battle To Occur

(International News Service) CARDIFF, Wales, Jan. 23.—Brother will be pitted against brother for the flyweight championship of Wales should the British boxing board of control decide that Eddie John of Rhonda shall meet his brother Phineas in the arena.

The brothers won the elimination competitions and have been automatically matched for the championship. Their father however refused to allow the fight to take place.

If the British boxing board of control decided that the youths should battle it out the father may relent.

Never in British history have brothers met in a championship fight. There was an instance a few years ago when two brothers named Brown were asked by a promoter to fight but they refused.

## Princeton And Penn Fives Clash Tonight

(International News Service) PHILADELPHIA, Jan. 23.—The bitter rivalry between Pennsylvania and Princeton will be renewed tonight in Tigertown when the Red and Blue quintet cross the Delaware for the first of two basketball contests. Penn managed to win the intercollegiate title last season by trouncing the Junglers in a play-off game. This season the defending title holders are out to trounce the Tigers even if they lose every other game on the schedule.

A special car will be used to carry the Penn rooters to the New Jersey town for tonight's game.

## School Squad Working At George Washington

Organized basketball is taking form at the George Washington junior high school since the completion of the school's new gymnasium several days ago. For some time activity along this line has been delayed because of the unfinished shape that the gym was in.

Now Boys' Physical Director Emmett Gillespie announces that regular practices are being held among the 12 members of the squad who have enlisted in the sport. Practice

sessions are being held after school and continue for some length. George Washington's first game will be with the Ben Franklin five on the Washington floor January 30. It is hoped to have the new crew in shape by that time so that the Franklins won't have easy picking when they meet their Washington friends.

Included in the squad that reports for practice every night are Nick and John Urm, Ed Marvin, William Watkins, Lester Reiber, George Winter, Charles Kay, William Rogers, Jack Ward, Joe Enat, Kley and others.

From Gross he will be in line for future New York engagements. He is in good condition.

**Emmett Rocco Is Now In New York**  
Emmett Rocco, the biggest pugilistic light, Ellwood City has ever had in New York and will work out today for his battle with Jake Gross southpaw, which will be a semi-final to the Sharkey-Christner fight, Friday night at Madison Square Garden. Rocco was accompanied to the local station here by a large crowd of well-wishers. If Rocco should win

he will be in line for future New York engagements. He is in good condition.

**Fred Fitzsimmons Renews Contract**  
(International News Service) NEW YORK, Jan. 23.—With the receipt of the signed contract of Fred Fitzsimmons all the regular pitchers of the New York Giants have been lined up for the 1929 season.

He will be in line for future New York engagements. He is in good condition.

**ISSUE CHALLENGE.**  
The Williams All Stars, a South Side bowling team, have issued a second challenge to all bowling teams in the city desiring matches in ten-pins.

They have been going at a fast rate of speed lately and are of the idea that they have real championship timber for tenpins in the city. The Mahoningtown team is asked to take notice of this. For matches with the Williams All Stars call 9263 and ask for Dye.

## NEW YORK YANKEES TO WEAR NUMBERS

Baseball Fans Will Be Able To Identify Players

(International News Service) NEW YORK, Jan. 23.—Although it would seem that every fan from coast to coast should be familiar with the features of the world's champion New York Yankees, the owners of the club think otherwise. They have arranged to put huge ten-inch navy blue numbers on the backs of the Yankee uniforms so that "casual fans" from out of town may identify the players instantly by referring to a score card.

Babe Ruth will be number three, corresponding to his position in the batting order.

## Fabian Captain At Ben Franklin

Junior High Squad Names Leader For Floor Season

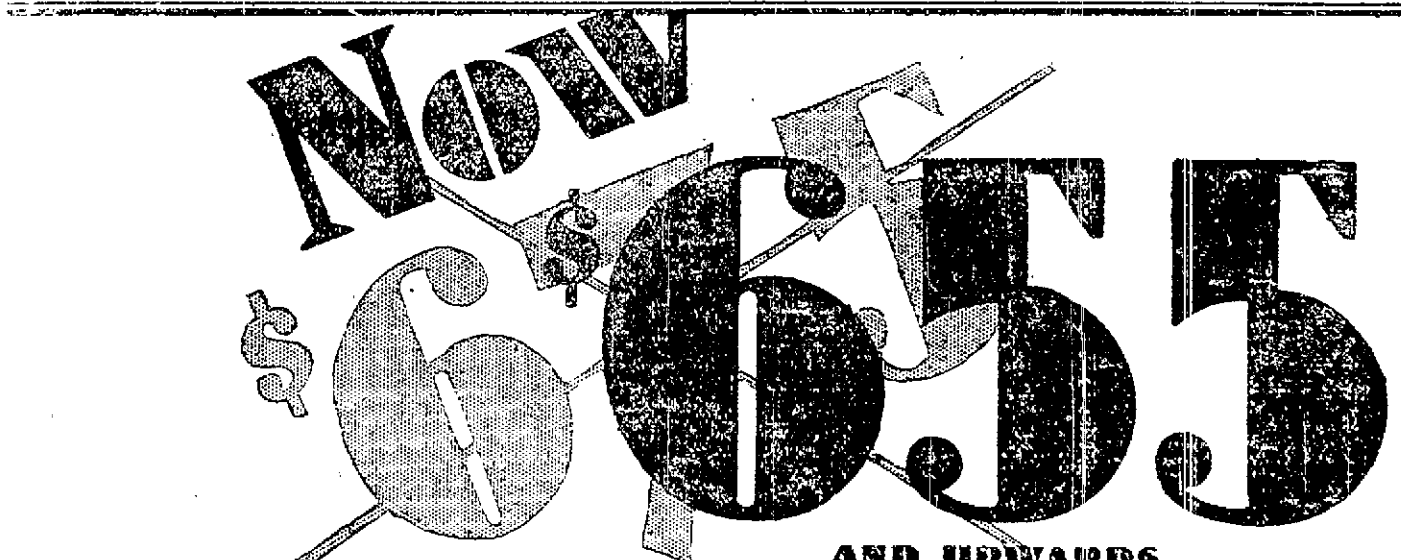

Coach LeRoy M. Norton of Ben Franklin Junior high school yesterday announced that the captain for the 1928-29 basketball team has been elected. Fred Fabian star football, baseball and basketball player is the newly elected captain of this season's basketball team.

Fabian is covering of the position given him as he has proven of great worth in football and baseball. The election of a captain at the local junior high is something new. Each season a captain was appointed by the coach of the team for each game.

Fabian was elected by his team mates by a large vote. The new captain will lead his team for the first time on Friday evening when the Franklin team meets the Mahoning team in a league game.

There can be no doubt about it, a certain amount of tone is added to any establishment when the office boy wears spats.—The Pittsburgh Post-Gazette.

## Floor Schedule For Junior High

Basketball Schedule Arranged For Season At Ben Franklin

Coach LeRoy M. Norton of Ben Franklin announced the floor schedule for the present season in the junior high school floor league. Franklin will play their first floor game in the league on Friday afternoon when they meet the Mahoning team. The game will get under way at 4:30.

Coach Norton stated that he has been drilling his team for the past three weeks and expects to present a strong lineup against the seventh warders, who also report of having a strong team.

Franklin plays their first game on Friday against Mahoning and their last on Wednesday, February 27, against Union. They play two games with each of the junior high schools. These games will all take place after school.

Following is the schedule for Ben Franklin in the junior high school league:  
Friday, Jan. 25—Mahoning versus Franklin at Franklin.  
Wednesday, Jan. 30—Washington versus Franklin at Washington.  
Wednesday, Feb. 6—Union versus Franklin at Franklin.  
Friday, Feb. 15—Mahoning versus Franklin at Mahoning.  
Wednesday, Feb. 20—Washington versus Franklin at Franklin.  
Wednesday, Feb. 27—Union versus Franklin at Union.

Leo Lomski, the "Aberdeen assassin," who nearly won the light-heavyweight title from Tommy Loughran about a year ago, appears to be on his way to another shot at the crown. His recent victory over James J. Braddock is an indication of this. Braddock had been coming put to the front in great strides, having put Pete Latson out of commission and creating a sensation by knocking out the highly touted "Tuffy" Griffiths. But he met his superior in Lomski. If Loughran decides to try his luck

in the heavyweight scramble and forsakes his light-heavyweight title, Lomski may find the crown his without even raising a glove. There is hardly a better man in the division at the present time.

Lomski came into national prominence as a fighter when he met Loughran for the title in New York. The coast slugger had the champion on the canvas twice in the first round for counts of nine on that occasion and had the champion dizzy for four rounds after. But Tommy cleared after the fifth session and rallied to win the 15-round battle with a superior brand of boxing.
